

*Amsterdam Archaeological Studies* is a peer reviewed series devoted to the study of human societies from prehistory to modern times, primarily through the study of archaeological remains. The series includes excavation reports from modern fieldwork; studies of various categories of material culture; and synthetic studies offering a broader view of societies in the past, thereby contributing to theoretical and methodological debates within archaeology.

#### PUBLISHING YOUR BOOK AT AUP:

- More than twenty years of experience in providing readers with high-quality scholarly publications.
- Full external peer-review of all academic titles and in-house copy-editing by experienced native speakers.
- An extremely efficient, thorough and rapid process from the delivery of the final manuscript to the publication date.
- Global sales and marketing through an extensive international network of distributors and dedicated representatives in all key markets. Important e-platform partners include JSTOR, De Gruyter, Ebrary, and EBSCO.
- Longstanding support in Open Access publishing.
- International scope of authors, book and series editors, and publishers, and an open and creative attitude in acquisitions, sales and marketing.
