

Operative Miller (Milling Technologist)

Valsemøllen A/S, Denmark's leading milling company, is looking for a dedicated Operative Miller for our mill in Esbjerg in Denmark.

Essential duties and responsibilities:

- Shift operation
- Operate grain cleaning and milling equipment to produce optimum performance in yield, capacity and quality.
- Check and adjust equipment on a constant basis to account for changes in grain and other variables, to ensure that the milling units are always performing at their peak efficiency and optimal yield.
- Collect and analyse laboratory data to make decisions on mill adjustments, communications to all plant personnel or other appropriate required actions to maximize and control product quality.
- Support the senior management in identifying and implementing good milling practices and routines
- Supervise and communicate the appropriate duties required to successfully keep the plant operating within all regulatory and good milling practices.
- Project a positive attitude toward new ideas, company directives, procedures, and decisions while directing your effort to comply with all company policies.
- Provide positive and disciplinary performance reinforcement as required to ensure a competent milling team.
- Identify opportunities to continuously improve plant operating systems and products.

Your profile:

- You hold an education as miller. (Examination as a milling technologist from an international milling school is definitely not a disadvantage, as we for the candidate with the right qualifications, are open to tailor the position to utilize skills optimally).
- Dedicated, flexible, interested, and curious.
- Reliable, goal-oriented, motivated and result-oriented.
- Team spirit.

Important information for non-EU passport holders: *As a skilled miller, residence and work permit is not impossible to obtain, but it can take up to 6 months! If you are not that patient and willing to sign a contract with this perspective, please do not apply for the position.*

We look forward to hearing from you.

Send the application or any question to the following e-mail: nje@valsemollen.dk

About Valsemøllen A/S

Valsemøllen is the leading milling company in Denmark and has existed since 1899. Today we develop, mill, and sell flour, grains, baking mixes, seeds, and kernels at our own mills in three locations in Denmark: Esbjerg, Køge and Svendborg. Our products go to a wide variety of customers from artisan bakeries, foodservice, retailers, baking industry and export. Valsemøllen is FSSC-certified and employs 130 employees in total.
