

## Junior Sailing – Experienced

Welcome back to junior sailing for the 2019/2020 season!

If your young sailor has completed the Learn to Sail program at MSC last season, they may now move to our intermediate group\* to continue to develop their sailing in a safe, friendly and fun way. We will group the sailors appropriately, based on a number of factors, to ensure they continue to learn and have a great time doing so!

If your sailor was in the intermediate or advanced group at MSC last season, we will group them appropriately for the coming season as well.

### 2019/2020 Season Dates

Coaching for our Intermediate and Advanced sailors is held on Sundays from 8.30am onwards, and also on a weekday evening from 5pm.

Start Date	20 <sup>th</sup> October	<i>(no sailing on labour weekend 27<sup>th</sup> October)</i>
Last Sailing for 2019	15 <sup>th</sup> December	
First Sailing for 2020	2 <sup>nd</sup> February	
Last Sailing for the Season	4 <sup>th</sup> April	

### Family Support

As a club, we rely on support from the sailors family for launching and retrieving of our RHIBs as well as the children in their optimists. We also require assistance for the running of our BBQ on the Sundays to provide our sailors and support crew with a lunch option (there is a minimal cost for lunch).

For safety reasons, we require the sailors parent or guardian to remain on site at the club while the children are sailing.

### Fees

Tuition Fees for our experienced sailors (intermediate and above) is \$300

- *You must provide your own optimist*
- *Sailor must be a member of Maraetai Sailing Club – not included in the above fee*

### What to do next?

If you need more information, please email [juniorsailing@maraetaisailingclub.org.nz](mailto:juniorsailing@maraetaisailingclub.org.nz) or call Jenni on 021 440 145

To register, please go to [www.maraetaisailingclub.org.nz](http://www.maraetaisailingclub.org.nz) or email [admin@maraetaisailingclub.org.nz](mailto:admin@maraetaisailingclub.org.nz)

*Please note that spaces on our courses are limited*
