

Home Care After Frameless Stereotactic Radiosurgery

Follow Up Visit

Your follow-up visit is on: _____

What to Expect After Radiosurgery

For the next few days:

- You may feel a little tired for a day or two afterwards.
- No activity restrictions so you can be as active as you want.
- You can resume your diet as normal
- If you receive contrast for treatment, drink extra fluids to flush the contrast from your system.
- You may have swelling around the tumor site.

Medicine Instructions
