1. Equipment

2. Separate speaker holder from wall plate

3. Wall mount preparation

3.a. Determine wall fastening
   - Provided screw/dowel set is suitable for:
     - concrete, full brick, perforated brick & drywall
   - For other walls like wood, adobe etc. use adequate anchors

3.b.1 Two-hole-pattern
   - Adjust decorative plate according to the drilled two or three-hole-pattern

3.b.2 Three-hole-pattern
   - dia. 8 mm

3.c. Anchor holes drilling
   - For two or three hole pattern:
     - dia. 8 mm

3.d. Blow out holes and place anchors

4. Wall mount fastening

4.a.1 Two-hole-pattern
   - Adjust decorative plate according to the drilled two or three-hole-pattern

4.a.2 Three-hole-pattern
   - dia. 8 mm

4.b. Bolt down the wall plate along with the decorative plate
   - Use two or three screws depending on the prepared hole pattern

4.c. Anchor holes drilling
   - dia. 8 mm

4.d. Blow out holes and place anchors

2. Separate speaker holder from wall plate

3. Wall mount preparation

3.a.1 Provided screw/dowel set is suitable for:
   - concrete, full brick, perforated brick & drywall
   - For other walls like wood, adobe etc. use adequate anchors

3.b. Adjust wall plate vertically and mark drilling holes (two options):
   - 3.p.1 Two-hole-pattern
   - 3.p.2 Three-hole-pattern

3.c. Anchor holes drilling
   - dia. 8 mm

3.d. Blow out holes and place anchors

2. Separate speaker holder from wall plate

4. Wall mount fastening

4.a. Adjust decorative plate according to the drilled two or three-hole-pattern

4.b. Bolt down the wall plate along with the decorative plate
   - Use two or three screws depending on the prepared hole pattern

4.c. Anchor holes drilling
   - dia. 8 mm

4.d. Blow out holes and place anchors

Instruction Manual

8000-4228W WALL MOUNT FOR GENELEC 6010A, 8020B, 8030A
