

# Pret's Catering Guide

## Nutrition

Since almost all Pret products are made fresh each day, our nutritional values are averages based on standardized recipes. Our values are based on information provided by our suppliers, and analysis using industry standard software, published resources, and/or testing. Values for individual products may vary due to variations in serving size, preparation techniques, and changes with food suppliers. Nutritional information may also vary from market to market. Because of this, we cannot guarantee complete accuracy of our nutrition information.

## Allergies & Ingredients

Our food is freshly prepared in small kitchens that handle various ingredients and common allergens including sesame, wheat, peanuts, soy, tree nuts, milk, eggs, fish, and shellfish.

Our coffee counters and kitchens are busy places using shared equipment to prepare, store, and handle multiple ingredients. While we take precautions, there is always a possibility that different food products will come into contact. We always indicate when a product does contain an allergen, but we cannot guarantee any of our recipes or drinks are allergen-free.

Our Catering Guide contains a list of all the products we offer for catering in our US shops, with full product lists and the 9 declarable allergen information listed for your reference.

Please remember to check our complete Nutrition & Allergen Guide regularly as recipes do change from time to time. Each individual product's nutritional information can also be found there.

We understand that no matter how detailed our guide is, there may be times when it can't answer the questions you may have. If you need any additional information, [visit www.pret.com](http://www.pret.com) to get in touch with our Customer Service team at 646-728-0505 who will be happy to help. We strongly advise consulting with your physician first if you have any concerns around consuming any Pret products.
