

We're proud to freshly prepare our food in our shop kitchens every day, but as we use many ingredients and shared equipment, we are unable to guarantee that our food is allergen free due to the risk of cross-contact. Our vegan food is made to a vegan recipe but is not suitable for those with milk or egg allergies.

## INTRODUCTION

## Please remember to check our guide and the ingredient label

regularly as recipes do change from time to time - the last thing we want is for anyone being caught out by a new take on an old favourite.

We're proud to freshly prepare our food in our shop kitchens every day but as we use many ingredients and shared equipment,cross contact is managed but not to an allergen-free level. Therefore we can't guarantee any of our food is suitable for those with allergies due to the risk of cross contact. Our vegan products are made to a vegan recipe but are not suitable for those with dairy and egg allergies.

In line with the Vegan Society recommendations we at
Pret are using the term 'vegan-friendly' to label products
that may not be made in dedicated vegan sites.
