Ingredient Substitution Guide

Nutrition

Since almost all Pret products are made fresh each day, our nutritional values are averages based on standardized recipes. Our values are based on information provided by our suppliers, and analysis using industry standard software, published resources, and/or testing. Values for individual products may vary due to variations in serving size, preparation techniques, and changes with food suppliers. Nutritional information may also vary from market to market. Because of this, we cannot guarantee complete accuracy of our nutrition information.

Allergies & Ingredients

Our food is freshly prepared in small kitchens that handle various ingredients and common allergens including wheat, peanuts, soy, tree nuts, milk, eggs, fish, and shellfish. While we take precautions, there is always a possibility that different food products will come into contact. We always indicate when a product does contain an allergen, but we cannot guarantee any of our recipes or drinks are allergen-free.
