

The University of Sydney Voice Assessment Clinic

The Communication Disorders
Treatment and Research Clinic
(CDTRC) runs a monthly clinic to
assess patients with voice
disorders.

The Voice Assessment Clinic offers a comprehensive service to *evaluate, diagnose* and provide treatment *recommendations* to help manage a client's voice symptoms.

Clients are managed by a student speech pathologist and consult with experienced Ear, Nose and Throat (ENT) specialists and Speech Pathologists throughout their assessment.

For more information or to book an appointment, please contact the CDTRC by phone or email:

Ph: (02) 9351 9539
