

As part of the recent move into their new building in Boroughbridge, GSPK Circuits are undertaking an extensive 2 year project to completely overhaul the electrical installation of the premises. GSPK has been supplying the global electronics industry with printed circuits boards for over 50 years. As an integral part of this project, CEF Ripon Branch has been supplying MCG Industrial Enclosures and switchgear.

James Sadler from CS Electrical Contractors, contacted MCG, via the website after using MCG's products, and this is what he had to say, *"I'd just like to say how much we've enjoyed fitting your switchgear. I've been fitting it at a circuit board factory in Boroughbridge, North Yorkshire for over a year now and have found it great to work with, in fact the best I've used yet!"*

MCG PRODUCTS USED:

Busbar Chambers

400A, BS EN 60439-1, twin copper bars
Part No: **BB40/12**

Switch Disconnector Fuses Steel Enclosed - IP55

4 Pole, 100A, 160A, 200A, 250A, 315A,
BS EN 60947-3

Part Nos: **SDF1004, SDF1604, SDF2004, SDF2504 & SDF3154**

Switch Disconnector Fuses Steel Enclosed - IP41

TP&N, 100A, 125A, BS EN 60947-3
Part Nos: **SF100TPN & SF125TPN**

DOL Starters - IP55

with Isolator, 7.5kW, BS EN 60947
Part No: **3DL2EMI**

Star Delta Starters

With Isolator, 15kW, BS EN 60947
Part No: **3SD2EMI - DOL Starter**

Rotary Isolators

4 Pole, Surface mounting, BS EN 60947
Part No's: **SMI20-4 - 20A**
SMI32-4 - 32A
SMI40-4 - 40A
SMI63-4 - 63A
SMI100-4 - 100A
