Upon request, Customer will provide UiPath with details and use reports of all Authorized Users and Affiliates having received access to the Technology.

**4.3. Third-Party Licenses.** Technology may contain or may be used with third party components, including open-source software, which are the property of their respective owners. Notwithstanding anything to the contrary herein, use of the open-source software will be subject to the license terms and conditions applicable to such open-source software, to the extent required by the applicable licensor (which terms shall not restrict the license rights granted to Customer hereunder).

**4.4. Third-Party Services.** Customer may use the Technology in conjunction with Third-Party Services, subject to compliance with all terms and conditions of the third-party providers, bearing the entire risk of such use. Customer is responsible for determining which Third-Party Services are accessed and connected to by Customer while using the Technology, and for the use of such Third-Party Services. UiPath does not control or own any Third-Party Services, and the access to and use of such Third-Party Services, including the availability and uptimes related to such Third-Party Services, is solely determined by the relevant third parties that control the Third-Party Services. UiPath will not be liable for any downtime, discontinuation, or any other issues with, or caused by, the Third-Party Services. To access and use a Third-Party Service, the applicable third party may require that Customer agree to an underlying agreement with such third party for Customer to access and use the applicable Third-Party Service and such third party may require additional consents to allow Customer to connect the Third-Party Service to the Software. Use of Third-Party Services distributed by UiPath will be subject to the terms and conditions set by the relevant owners, as made available on the Trust Portal.

## 5. Ordering Process

- 5.1. Orders.** All Orders are subject to this Agreement, irrespective of whether a reference to this Agreement is made or not. Commercial terms agreed in an Order shall only be applicable for the Software and specifics of that particular Order and shall not extend to subsequent Orders placed under the Agreement, unless expressly agreed by the Parties in those subsequent Orders.
- 5.2. Affiliates' Orders.** Customer may place Orders for its Affiliates under this Agreement and will cause such Affiliates to comply with Customer's obligations herein. Any Customer Affiliate may place Orders with UiPath and its Affiliates, listed in the Governing Law and Dispute Resolution Section, by referencing this Agreement, and such Customer Affiliate will be deemed as Customer.

## 6. Payment Terms

- 6.1. Applicability.** These payment terms and any commercial terms agreed between the Parties in writing apply only if Customer orders the Technology directly from UiPath. Payment terms agreed between Customer and a UiPath reseller or distributor are not binding on UiPath. Any reference to Customer in this section is a reference to its paying entity placing the Order.
- 6.2. Payment.** Unless otherwise agreed in the applicable Order, UiPath will issue an invoice for each Order as follows: (i) Software Fees will be invoiced annually in advance; (ii) Services Fees will be invoiced as agreed by the Parties in the applicable Order. Invoices will be delivered only electronically, and Customer will pay them in accordance with the payment terms in the Order. All Orders are non-cancelable and, save as otherwise provided in this Agreement, all Fees are non-refundable. Upon termination of an Order or of this Agreement, all Fees due under the respective Order or under this Agreement, (i) that have already been invoiced will immediately become due and payable, and (ii) Fees not already invoiced, will be immediately invoiced by UiPath and become due and payable within 30 (thirty) days of invoice date. Customer will pay all reasonable travel expenses, hotel accommodations, and any other out of pocket expenses properly and reasonably incurred by UiPath in connection with providing the Services. Except as otherwise provided in writing such expenses will be charged at cost and invoiced together with the Services or separately.
- 6.3. Failure to Pay.** UiPath may charge interest at a monthly rate of the lesser of 1% (one percent) per month or the maximum rate permitted by applicable law on any overdue Fees, from the due date until the date the overdue Fees, including the applicable interest, until such are paid in full. If Customer fails to pay within 60 (sixty) days from the invoice date, UiPath may suspend or terminate the applicable Order by written notice.
- 6.4. Payment Disputes.** Customer will pay any undisputed amounts in the invoice when due. Within 15 (fifteen) days from the invoice date Customer will report any alleged errors in the invoice to UiPath in writing with sufficient detail to allow UiPath to investigate the dispute. The Parties will work to settle the dispute amicably within 30 (thirty) days therefrom. UiPath may request Customer to provide additional information or documents to settle the payment dispute. Should Customer fail to provide UiPath with the requested information or documents within the 30 (thirty) days term stipulated herein, the disputed amount will become due and payable at the end of the 30 (thirty) days term.
- 6.5. Taxes.** All Fees are exclusive of any taxes. Customer agrees to pay any applicable value added, goods and services, sales, use, gross receipts, or other transaction taxes, fees, charges or surcharges, or similar amounts ("Transaction Tax") that are owed under this Agreement and which UiPath is permitted to collect from Customer under applicable law. UiPath will exempt Customer from paying the Transaction Tax only when Customer provides UiPath with a validly signed tax exemption or equivalent certificate in any jurisdiction where such certificates are available. All payments will be made in cleared funds, without any deduction or set-off and free and clear of and without deduction for or because of any taxes, levies imports, duties, charge, fees and withholdings of any nature now or hereafter imposed by any governmental, fiscal, or other authority as required by law. UiPath is responsible for taxes and any employment obligations due for its personnel performing the Services.
- 6.6. Changes.** UiPath is free to establish the Fees in its discretion. UiPath will not change the Fees applicable to an Order already accepted by it. UiPath will notify Customer of any change in Fees and such change will become effective upon Customer placing a new Order or the renewal of any current License Term following such notice.

## 7. Indemnification

- 7.1. UiPath Indemnification.** UiPath, at its expense, will defend Customer against any claim, action, or legal proceeding made against Customer by a third-party non-affiliated with the Customer alleging that the use of the Technology, during the License Term and as delivered by UiPath, infringes the third party's patent or copyright or that UiPath misappropriated the third party's trade secret ("IP Claim") and will indemnify against any damages finally awarded to Customer by a court of competent jurisdiction (or settlement amounts agreed to in writing by UiPath) in the limits set out in this Agreement.
- 7.2. Customer Indemnification.** Customer, at its expense, will defend UiPath against any claim, action, or legal proceeding made against UiPath by a third-party non-affiliated with UiPath (i) alleging that the Add-ons, Customer Data, or Customer's use of the Technology or Services violate, or infringe the third-party's IP Rights, or (ii) arising out of, or in connection with Customer Data or Customer's use of the Technology and Services in violation of Section 4.1 of this Agreement and will indemnify against any damages finally awarded to UiPath by a court of competent jurisdiction (or settlement amounts agreed to in writing by Customer) in the limits set out in this Agreement.

- 7.3. Conditions.** A Party's obligations to defend and indemnify ("**Indemnifying Party**") are contingent on the Party seeking defense ("**Indemnified Party**") to (i) promptly notify the Indemnifying Party of any claim in writing; (ii) cooperate with the Indemnifying Party in the defense of the claim; (iii) grant the Indemnifying Party sole control of the defense or settlement of the claim (provided that the Indemnifying Party shall not enter into any settlement that admits liability on behalf of the Indemnified Party or imposes any obligations on such Indemnified Party other than cessation of use of the infringing Technology); (iv) not make any admissions about the claim without the Indemnifying Party's prior written consent, and (v) take all reasonable measures to mitigate the damages. The remedies in this section 7 (*Indemnification*) are the sole and exclusive remedies of the Indemnified Party and sole liability of the Indemnifying Party with respect to an IP Claim.
- 7.4. Exclusions.** UiPath will have no liability for any claim arising from: (i) use of the Technology or Services in breach of the Agreement; (ii) modification of the Technology or Services by anyone other than UiPath; (iii) failure by Customer to install the latest updated version of the Technology, as instructed by UiPath, to avoid infringement, or security vulnerabilities or malfunctions; (iv) Third-Party Services, products or materials or their combination with the Technology or Services, if the Technology or Services not be infringing without this combination.
- 7.5. Remedies.** If a claim alleges that the Technology might infringe the IP Rights of a third party, or if in UiPath's judgment, such a claim may arise, UiPath may, at its option: (i) procure the right for Customer to continue using the Technology under the terms of the Agreement; (ii) replace/modify the impacted components to avoid the alleged infringement; or (iii) terminate Customer's license to the relevant component of the Technology and refund the associated prepaid and unused Fees for the infringing component.

## **8. Limitation of Liability**

- 8.1. Damages Exclusion.** Neither Party will be liable to the other for any special, indirect, moral, consequential, incidental, punitive, or exemplary damages, loss of profits, loss of revenue or goodwill, loss or corruption of data, or interruption of business. Under no circumstances will UiPath or its Affiliates be liable for any claims that may be asserted, granted or imposed against, arising from, or in connection with Third-Party Services.
- 8.2. Liability Cap.** Except for acts of fraud or willful misconduct, damages resulting from death or bodily injury arising from gross negligence or willful misconduct, tangible property damage or indemnification for damages resulting from breach of third-party IP Rights, the maximum aggregate liability of each Party for all damages (individually and together) under or relating to this Agreement will not exceed the Fees paid to UiPath under this Agreement for the relevant Technology in the 12 (twelve) months before the initial claim giving rise to such damages.
- 8.3. Applicability.** The foregoing will apply only to the extent permitted under applicable law, regardless of whether the claim arises from contract or tort and regardless of the theory of liability, but will not limit payment obligations under this Agreement, and irrespective of whether the other Party has been advised of the possibility that such damage might incur. The Agreement allocates the risks between UiPath and Customer, and the Fees for Technology reflect this allocation of risk and limitations of liability.

## **9. Warranty**

### **9.1. Limited Warranties and Remedies**

- 9.1.1. Software Warranty.** UiPath warrants that, during the License Term, the Software will substantially conform to the Documentation, provided that the Software is used in accordance with the terms of this Agreement, the Documentation, and applicable law. To the extent permitted by law, UiPath's sole liability under this warranty will be, in UiPath's reasonable commercial discretion, a repair or replacement of the relevant Software, or if UiPath determines in its sole discretion that the foregoing remedy is not commercially reasonable, UiPath may terminate Customer's license to the relevant component of the Software and refund the associated prepaid and unused Fees for the relevant component.
- 9.1.2. Services Warranty.** UiPath warrants that Services will be performed in a professional and workmanlike manner.
- 9.1.3. Customer Warranty.** Customer represents that it has the appropriate rights to allow UiPath to use and/or modify any software or products as part of any Services and it will provide UiPath with necessary access to Customer premises and systems, personnel, documentation and records, and facilities and will appoint a contact person having authority to make decisions, in order for UiPath to timely perform any Services. UiPath's provision of the Services is contingent upon the warranty provided herein. Customer grants UiPath, its Affiliates and subcontractors a non-exclusive, limited license to use Customer Data necessary for performing the Services. **Warranty Exclusions.** Subject to the above limited warranties, the Technology is provided on an "AS-IS" and "AS AVAILABLE" basis. To the maximum extent allowed by applicable law, neither UiPath, nor its Affiliates, licensors or their personnel, make any warranty of any kind (express, implied, statutory or otherwise) and UiPath specifically disclaims all warranties, including merchantability, fitness for a particular purpose or non-infringement or the ability of the Technology to integrate or interoperate with other software or services or perform uninterrupted or error-free. Each Party disclaims all liability for Third-Party Services.

## **10. Compliance**

- 10.1. Export Control.** The Parties acknowledge that the Technology and Services may be subject to export control and sanctions

laws including U.S. Export Administration Regulations administered by the U.S. Department of Commerce's Bureau of Industry and Security ("BIS") and economic sanctions administered by the U.S. Department of the Treasury's Office of Foreign Assets Control ("OFAC"), European Commission regulations, United Nations Security Council resolutions, and other similar national or international regulations (collectively "Export Laws"). Customer agrees to comply with all Export Laws related to Customer's access to and use of the Software, Technology and Services. Customer represents and warrants that it is not, and is not owned or controlled by any person or entity that is, (i) located, organized, or resident in a country or territory that is subject to a U.S. trade embargo (currently, Cuba, Iran, North Korea, Syria, and the Crimea, Donetsk People's Republic, and Luhansk People's Republic regions of Ukraine); or (ii) identified on any applicable sanctions or restricted party list, including the Specially Designated Nationals and Blocked Persons List, Foreign Sanctions Evaders List, and Sectoral Sanctions Identifications List, administered by OFAC, and the Entity List, Denied Persons List, or Unverified List, administered by BIS. Customer agrees that it will not export, re-export or otherwise transfer the Software, Technology, or Services, or use the Software, Technology, or Services (a) to disclose, transfer, download, export or re-export, directly or indirectly, any Customer Data, to any country, entity or other party that is ineligible to receive such items under the Export Laws, or (b) in connection with any nuclear, chemical, or biological weapons, missile technology, or military end-uses. Customer acknowledges that the Technology and Services may not be available in all jurisdictions and that Customer is solely responsible for complying with the Export Laws in its access to and use of the Technology and Services.

- 10.2. Audit.** UiPath may, at its expense, verify that Customer's use, access, installation, or deployment of the Technology complies with the terms of this Agreement. Additionally, no more than once every twelve (12) months, UiPath may perform the verifications onsite, either directly or by appointing a subcontractor, and Customer agrees to provide all required assistance and support. If the verification discloses a non-conformity Customer will immediately address it.
- 10.3. Confidentiality.** This Agreement supersedes any applicable non-disclosure agreement between the Parties with respect to use of the Technology hereunder. Information shared by the Parties, or their Affiliates, under this Agreement will be deemed confidential if it is disclosed in any form or manner, marked as, or reasonably considered, confidential, and includes without limitation, Technology, trade secrets, know-how, business operations, plans, strategies, customers, and pricing whether or not marked, designated or otherwise identified as "confidential" ("CI"). CI shall also include the existence of as well as the terms and conditions of this Agreement and any Order placed hereunder. CI excludes any information that (i) is or becomes public, through no fault of the recipient; (ii) was rightfully acquired by or already known to the recipient without an existing confidentiality obligation; or (iii) is independently developed by the recipient without the use of discloser's CI. For instance, technical and support data related to the Technology are considered UiPath's CI. The receiving Party will not use CI for any purpose other than the purpose of this Agreement. The receiving Party will treat the CI with no less than reasonable care and will not use or disclose CI to anyone, except to its Authorized Users, Affiliates, advisors or consultants, who need to know the CI for the purposes of this Agreement and are bound by confidentiality obligations at least as restrictive as in this section. The receiving Party may disclose CI: (i) under a written and signed permission document from the disclosing Party; (ii) as necessary to comply with applicable law, a valid order of a court of law or governmental body, or with mandatory rules of an equivalent binding authority after using reasonable efforts to provide advance notice of such disclosure to the disclosing Party.
- 10.4. Anti-Corruption.** In relation to the transactions under this Agreement, each Party confirms that it has not taken and will not take any action, directly or indirectly, in violation of applicable anti-corruption or anti-bribery laws including without limitation the U.S. Foreign Corrupt Practices Act of 1977, as amended. In connection with this Agreement, Customer will not, directly, or indirectly, offer, promise, authorize, accept, or solicit any illegal or improper bribe, kickback, payment, gift, or thing of value. If Customer learns of any violation of applicable anti-corruption or anti-bribery laws in connection with this Agreement, Customer will promptly notify UiPath in writing and will cooperate with UiPath's review or investigation related thereto.
- 10.5. Code of Conduct.** UiPath maintains on the Trust Portal a global partner code of conduct which defines the minimum standards of business conduct and business standards applicable to all entities contracting with UiPath ("**Code of Conduct**"). UiPath commits to comply with such Code of Conduct and requires Customer to have similar policies. If Customer learns of any violation of the standards prescribed by the Code of Conduct in connection with this Agreement, Customer will promptly notify UiPath in writing and will cooperate with UiPath's review or investigation related to any actual or potential violation of such standards.
- 10.6. Information Security.** UiPath has implemented and will continue to maintain and enforce a written information security program that includes administrative, technical and physical safeguards that are appropriate to the Software, Technology and Services provided by UiPath, as further detailed in UiPath's Information Security Exhibit available on the Trust Portal, as such may be evaluated and adjusted from time to time, in light of any relevant changes in the industry standards, technology and material changes to UiPath's business.

## **11. Term and Termination**

- 11.1. License Term.** The license term for the Software will be stated in the Order ("**License Term**").
- 11.2. Term of the Agreement.** This Agreement is effective as of the Effective Date and will continue until terminated by either Party as described under this Agreement. In case there is an ongoing Order upon termination of the Agreement, the Parties hereby agree that the terms of this Agreement will be automatically extended until the expiration of the Order's License Term and any renewal term thereof.
- 11.3. Termination.** This Agreement may be terminated as follows:

- (i) **Material Breach of the Agreement:** by either Party, immediately upon written notice to the other, if the other Party has made a material breach hereunder and, to the extent the breach can be cured, has not been cured within thirty (30) days from the notice date.
- (ii) **Change of Control:** by UiPath, with thirty (30) days written notice, in case of a change of control as prescribed in the Change of Control section.
- (iii) **Additional Termination Events:** by either Party, immediately upon written notice to the other Party (i) when, due to the applicable law or on account of a regulator's or similar body's decision or ordinance, it becomes unlawful or illegal for it to continue the performance of this Agreement, including but without limitation, as a result of any export control obligations; or (ii) if such other Party commences or has commenced against them bankruptcy, (or dissolution proceedings, has a receiver appointed for a substantial part of its assets, is unable to pay its invoices or loans when due, or ceases to operate in the ordinary course of business; or (iii) if currency repatriation provisions or other currency restrictions are imposed by any government body which prevent or restrict the ability of Customer to make any net payments to UiPath as required hereunder.

**11.4. Effect of Termination.** Except for termination of this Agreement for Customer's material breach, all Orders will continue to be in effect until the expiration of their License Term. Unless otherwise agreed by the Parties in writing, termination of an Order will not trigger termination of this Agreement. Upon termination of this Agreement, an Order or expiration of any License Term, the license and rights for the respective Technology or Services will immediately terminate and Customer must, at its expense, remove and delete all copies thereof. Customer understands that some or all the Technology components may cease to operate without prior notice upon expiration or termination of the License Term. Customer acknowledges that, except as otherwise provided under this Agreement, it will not be entitled to a refund of any Fees paid hereunder after the delivery of Services, Technology or the Software activation key or any renewal thereof.

## 12. Governing Law and Dispute Resolution

- 12.1. Governing Law.** This Agreement is governed by the laws indicated below, depending on Customer domicile/headquarters, without regard to conflicts of law provisions. The United Nations Convention on Contracts for the International Sale of Goods (CISG) and the Uniform Computer Information Transactions Act (UCITA) do not apply to this Agreement.
- 12.2.
