What are the UiPath Partner Awards?

The UiPath Partner Awards recognize leading partners regionally and worldwide who have proven outstanding results in innovation, expansion, growth, implementation, and community contribution. The awards represent not only UiPath's confidence in these partners, but also the trust of our customers, and demonstrate the dedication of winning partners to help customers fully realize their automation potential. A UiPath Partner Award honors these partners, proving that our global partner network is truly the driving force behind UiPath's continued success.

Partners may apply for one or more of the below award categories:

2022 UiPath Partner Award Categories

Category	Description
Impact	The UiPath Impact Partner of the Year Award recognizes partners who align with our strategic priorities to create the strongest impact across key growth areas, such as important wins in strategic accounts or driving enterprise-wide automation within a large account. These partners have delivered key customer wins, market leadership within a vertical, significant expansion within existing customers through growth product adoption, high growth through new customer acquisition, or have shared best practices to accelerate market share capture for UiPath.
Innovation	The UiPath Innovation Partner of the Year award recognizes partners who exhibit true innovation in how they go to market. The nature of innovation is limitless! Winners of this award may have developed new business model concepts that created higher levels of growth and profitability, implemented successful strategies of going to market with 3rd parties, used inventive methods that delivered increased revenue and use of UiPath products and services. This can even include hyper-transformative innovation that redefined or disrupted markets or solved major socio-economic issues.
Growth Products	The UiPath Growth Products Partner of the Year award recognizes partners who demonstrate best-in-class collaboration with UiPath in order to bring the full automation experience to clients. Winners of this award have a proven track record of strong business development and bring significant new client relationships to UiPath. They invest in certification attainment and accelerate growth with a focus on our newest solutions. UiPath Growth Products include Test Suite, AI, Document Understanding, and Process Mining.
BPO/Managed Services	The UiPath BPO/MS Partner of the Year award recognizes partners who utilize UiPath platform to transform their digital operations business in their markets. These partners fully employ the UiPath platform in their own and client's business processes and IT operations to drive efficiencies, push innovation, and achieve higher satisfaction for their employees and clients alike.
Community Contribution	The UiPath Community Contribution Partner of the Year recognizes partners who amplify awareness of how automation can accelerate human achievement in the life of the extensive automation community. This can include implementing training and mentoring programs in the UiPath Community and beyond, content creation for the large automation community, robust development of reusable components or workflows for the use of non-governmental organizations and society and any other format that has a social contribution in the life of the automation community.
Industry Solution	The UiPath Industry Solution Partner of the Year award recognizes partners who are dedicated to driving innovative solutions for specific industries and verticals, such as innovation in the banking industry. Winners of this award are partners who have shown success in industry problem solving and expanding the automation footprint across the industry.
Global Partner of the Year	The UiPath Global Partner of the Year award recognizes the top performing partner for global leadership and impact. Winning partners significantly leverage the full breadth of the UiPath platform to create innovative solutions, drive value to customers, and deliver an elevated customer experience. They put automation at the heart of their digital transformation initiatives. The UiPath Global Partner of the Year exemplifies the best of UiPath globally managed partners.

Why Apply?

We want customers to know that working with a UiPath Partner Award winner means working with the best. UiPath Partner Award winners receive a promotional toolkit that provides unique opportunities for added visibility and promotion.

- **Award Winner Logo** - Promote your award win across marketing channels with UiPath winner logos. Use on social media, your website, email signatures, and other materials.
- **Award Winner Trophy** - Proudly display the physical representation of your accomplishment with a crystal award for your office.
- **Global Visibility** - Get additional visibility on the UiPath Partner Locator as an award winner. Prospective customers searching for partners will know you're among the best.
- **Expanded Promotion** - Award winners get on stage at our flagship FORWARD and Partner Forward events, plus added visibility in our PR and promotional activities for winners.
- **Communications Toolkit** - Leverage built-for-you marketing and communications templates and resources, including video footage of your award win in your own campaigns.
- **Peer and Customer Recognition** - **Regional award** winners will be announced at Partner Forward on September 27, 2022. Worldwide and Global award winners will be announced in front of customers on the main stage at FORWARD 5 on September 28, 2022.

Submission Guidelines

- Partners may nominate themselves or can be nominated for one or more award categories as they deem relevant.
- Responses must be written in English. We recommend preparing your submission in a document and then copying and pasting the submission into the submission form available [here](#). You will need to use a Google Account to submit through the form, upload supporting files, and save your progress. Direct any questions to partnerawards@uipath.com.
- **The entry submission deadline is Monday, August 1, 2022, at 11:59 PM PT. No exceptions.**
- You may complete this award application individually or with team members who can provide the details to meet the award criteria. Contact your Partner Manager for advice, if needed.
- Submit your completed application and any supplementary materials [here](#). Include a company logo (in color and black and white) in a vector file (.ai, .eps, .svg only).
- Awards cover products, services and solutions **implemented** August 1, 2021 through August 1, 2022.
- All questions in the application must be complete and include current contact information for the partner contact.
- To be considered partners need to be compliant under the UiPath Business Partner Program 2022 Guidelines (Diamond, Gold or Silver) as outlined in the Program Guide.
- Submit a separate application for each of the six main award categories in which you wish to compete. Separate applications are not needed/accepted for the Worldwide Winners; these winners will be selected from among the six primary category application submissions.
- We recommend partners use as much content as possible to deliver a comprehensive, complete picture of their relevant customer success. KPI proof of success is essential to win.
- Winners are determined by decision committee of UiPath executive stakeholders across the business.

2022 UiPath Partner Awards Rules & Regulations

This is a skill-based contest.

The object of this contest is to recognize the best solution(s). For purposes of this contest, “solution” means a product application or implementation that: (i) uses the most recent versions of UiPath technologies; and (ii) solves customer pain points or a related business problem.

Partners will be asked to describe their successful implementation of a solution for a specific customer and show how the solution added business value. For purposes of this contest, each “solution” you create will be called an “entry”. All eligible entries received will be judged using the criteria described in this guide to determine the winners of the awards described.

If your customer has any proprietary rights in and to the solution you submit, as a condition of being named a winner in this contest, your customer must be willing and able to grant to you and UiPath the right and permission to feature and otherwise describe the solution in a case study and to use the case study for promotional, editorial, demonstration or any other related purposes. Upon UiPath's request, you undertake to provide the proof in this respect. If your customer is not willing to and/or is unable to grant such permission, then you should not enter the solution in this contest. You bear the sole liability associated with the data you share with UiPath. UiPath disclaims any liability arising out of any claims in conjunction with such data.

You may submit more than one entry in any category, and you may be chosen as a finalist and/or winner in more than one category.

We are not responsible for entries that we do not receive for any reason, or for entries that we receive but are not decipherable for any reason.

We will automatically disqualify: any incomplete, unclear, or unverifiable entry; and any entries that we receive from you that are in excess of the entry limit described above. All entries must be submitted in English.

Thank You
