A Message from our CEO & Founder

My dream was to build a company that I’d love to work for. My belief is that our workplace should be our playground, and we have made concerted efforts to ensure that UiPath is a place where employees feel inspired, engaged, and happy.

We have had a strong commitment to customer service, our business partners, product quality, and employee development – and we deliver, thanks to the effort and dedication you put forth day in and day out. Key to our performance in these areas is an equally strong commitment to doing business ethically and with integrity. UiPath’s reputation and continued success depends largely on our support – yours and mine – to this commitment. No success is meaningful if it’s not achieved the right way.

Doing things the right way, ethically, with integrity, and in full compliance with the law, is not just a policy at UiPath, it is ingrained in our culture. Read the Code of Conduct thoughtfully and reflect on its meaning. When you acknowledge it, renew your personal commitment to practice and promote it every day. No excuses.

Every UiPath employee, regardless of location or position in the Company, has an obligation to read this Code of Conduct, understand it, and follow it every day, without exception. Everyone who works at or with us should feel confident about our high ethical standards, our honesty, and our integrity. That starts and ends with each of us. And the example you set each day brings it to life.

Thank you for your efforts.

Our Policies

People

Equal Employment Opportunity Provider
At UiPath, we value a range of diverse backgrounds, experiences, and ideas. We pride ourselves on our diverse and inclusive workplace that provides equal opportunities to all persons regardless of race, age, color, religion, sex, sexual orientation, gender identity and expression, national origin, disability, military and/or veteran status, or any other protected classes. Equal employment opportunity includes, but is not limited to, employment, training, promotion, demotion, transfer, leaves of absence, and termination.

Anti-Harassment, Discrimination & Retaliation
Coworkers, supervisors, managers, owners and third parties are prohibited from discriminatory, intimidating, harassing, or retaliatory behavior. The Company takes allegations of discrimination, intimidation, harassment, and retaliation very seriously and will promptly conduct an investigation and take appropriate corrective action when warranted, which may include discipline, up to and including termination.

Avoid Conflicts of Interest
UiPathers shall not engage in any conflicts of interest stemming from any personal activities or relationships that influence or may be perceived to influence one’s decision-making and ability to work in the best interests of UiPath. UiPathers must disclose, amongst other things, personal financial interests or investments, personal relationships, outside employment or engagements, membership in professional and political organizations, as well as excessive gifts or hospitalities.

If you have any questions about a potential conflict or if you become aware of an actual or potential conflict, and you are not an officer or director, you should discuss the matter with your supervisor or the Global Compliance Officer (the “Compliance Officer”). If the supervisor is involved in the potential or actual conflict, you should discuss the matter directly with the Compliance Officer. Supervisors may not authorize a conflict of interest matter or make determinations as to whether a problematic conflict of interest exists without first seeking the approval of the Compliance Officer. Executive Officers and members of the Board of Directors may seek authorizations and determinations from the Nominating and Corporate Governance Committee of the Company’s Board of Directors (the “Board”), or such other committee of the Board that the Board may expressly designate.

Corporate Opportunities
UiPathers may not take personal advantage of opportunities for the Company that are presented to or discovered by the UiPather as a result of his or her position with the Company or through your use of corporate property or information. Even opportunities that are acquired privately by you may be questionable if they are related to our existing or proposed lines of business. Significant participation in an investment or outside business opportunity that is directly related to our lines of business must be pre-approved. You may not use your position with the Company or the Company’s property or confidential information for personal gain, nor may you compete with the Company during your tenure or as otherwise prohibited by contract.

Anti-Money Laundering Compliance
UiPathers are prohibited from engaging in any activity that facilitates money laundering or the funding of terrorist or criminal activities in connection with the Company’s business. Money laundering is the act of concealing or disguising the existence, illegal origins, and/or illegal application of criminally derived income so that such income appears to have legitimate origins or constitute legitimate assets. While money-laundering involves giving “dirty” money the appearance of legitimacy, terrorist financing generally involves using legally earned income to finance illegal activities. The Company expects all UiPathers to comply with all applicable anti-money laundering and countering the financing of terrorism laws and regulations.

Compliance with the Law
All UiPathers, as well as its business partners, are expected at all times to strictly obey all applicable laws and regulations.

Anti-Bribery & Anti-Corruption
UiPathers and those individuals or entities acting on UiPath’s behalf shall at all times comply with all applicable anti-corruption and anti-bribery laws. Under no circumstances shall any UiPather or any person or entity acting on UiPath’s behalf give, receive, or promise anything of material value (e.g. bribes or kickbacks) in order to influence a business outcome or obtain treatment in favor of UiPath.

Remember it is not only about the value, but also about the intention. Therefore, Gifts and Hospitalities must serve a bona fide purpose, and be modest. Gifts and entertainment relating to government officials is addressed in our Global Anti-Bribery Policy. Corruption disrupts the business relationships and erodes the trust of our partners. If you have any concerns about whether gifts or entertainment offered or received by you are appropriate under this code, you are expected to request permission from your supervisor or the Compliance Officer.

Export Controls

UiPath’s reach is global. The privilege of doing business globally also comes with export control obligations. UiPath is committed to doing the right thing and it appreciates that this means integrating export control checks and validations in the end to end processes: from product creation and development until product delivery and use thereafter.

The consequences for not complying with the export control checks could be devastating for UiPath, with administrative, criminal, and reputational repercussions.

The end-use, the end-user, the technical characteristics, the ultimate destination, and the country of export should be the concern of every employee.
