What are the UiPath AI10 Awards?

10

Worldwide
Award
Winners

UiPath's inaugural AI10 Awards recognize the best and most innovative uses of AI-powered automation. AI has the power to transform business performance – combining the intelligence and execution needed to move on mission-critical decisions, smartly and quickly. The more that AI-powered automations can understand and be trained, the more processes these potent automations can add business value, and with unmatched trust and speed.

The AI10 Awards recognize UiPath customers that best exemplify the significance of AI-powered automation. These organizations use UiPath to solve critical business challenges, generate notable ROI and impact, and accelerate innovation, even – and especially – during times of uncertainty.

UiPath customers are invited to submit their nominations to a panel of judges – comprised of UiPath executives and third-party AI and automation experts – who will determine the winners based on a defined set of criteria. The winners will be recognized on-stage at UiPath FORWARD VI in Las Vegas, the world's largest gathering of automation professionals

Why Apply?

The AI10 Awards represent the best and most innovative use of AI-powered automation. This recognition signals to the world that your company is committed to efficient operations, world-class customer service, and superior performance by using the best, and most trusted, digital tools.

The AI10 Awards winners receive a promotional toolkit that provides unique opportunities for added visibility and awareness of your company's success.

Award Winner Trophy

Proudly display the physical representation of your accomplishment with a trophy for your office.

Communications Toolkit

Leverage built-for-you marketing and communications templates and resources (AI10 award winner logo, press release templates, social posts, etc.).

Video Content Creation

Bring your AI-powered automation story to life with video footage captured and promoted by UiPath. Amplify the content on your own website and social media channels.

Expanded Promotion

Award winners are recognized on stage at UiPath's flagship FORWARD VI event in Las Vegas and will enjoy added visibility through the company's PR initiatives around the program.

Submission Guidelines

- UiPath customers may nominate themselves or be nominated by a third-party.
- Responses must be written in English. We recommend preparing your submission in a document and then copying and pasting the submission into the entry form available [here](#). You will need to submit through the form, upload supporting files, and save your progress. Direct any questions to ai10awards@uipath.com.
- **The entry submission deadline is August 16, 2023, at 11:59 PM PT.**
- Submit your completed entry and any supplementary materials here. Include a company logo (in color and black and white) in a vector file (.ai, .eps, .svg only).
- Awards cover UiPath-based initiatives **implemented between April 1, 2022 through June 30, 2023.**
- All questions in the entry form must be complete and include current contact information for the customer organization entering.

UiPath AI10 Awards Guidance

Award Description

The AI10 Awards recognize UiPath customers that best exemplify the significance of AI-powered automation. These organizations use UiPath to solve critical business challenges, generate notable ROI and impact, and accelerate innovation, even – and especially – during times of uncertainty.

UiPath customers are invited to submit their nominations to a panel of judges – comprised of UiPath executives and third-party AI and automation experts – who will determine the winners based on a defined set of criteria. The winners will be recognized on-stage at UiPath Forward VI in Las Vegas, the world's largest gathering of automation professionals.

Guidance and Recommendations

Winning submissions demonstrate how AI-powered automation drove big outcomes, e.g., growth, cost reduction, customer and employee experience improvement, social impact, etc. and were critical to achieving strategic company goals.

UiPath AI10 Awards Criteria

Criteria

% of score

Business drivers [250 words maximum]

20%

Describe the primary business drivers for your AI-powered automation initiative. What business challenges were faced? Which business objectives was your organization trying to achieve? Please provide as much industry or organization-specific context as possible.

Implementation summary [250 words maximum]

40%

Describe how your business executed its transformation process. What parts of the UiPath platform did you leverage? What stakeholders were involved? What was the timeline for the process? How did you scale? Please elaborate. Assume the reader does not know your environment.

Achieved results and business impact [300 words maximum]

40%

Please demonstrate how your business has transformed thanks to your work with UiPath. This is key to the award nomination. How has your AI-powered automation initiative fundamentally changed what your organization is able to achieve? Are you able to realize better insights to steer quick, intelligent decision making and deliver on your primary business drivers?

Use metrics (% , #'s, time saved etc.) to quantify the short and long-term impact—as well as what they mean in terms of business value. For example, if your business automates a process that previously took 80 hours a week, mention that this also helps free the time of 2 full-time employees. If results are not yet achieved, what benefits are anticipated? Include all business benefits, such as the cost reduction, revenue growth, time savings, customer satisfaction, employee engagement, sustainability commitments, broader societal impact, company culture impact, etc.

UiPath AI10 Awards FAQ

- **Who is eligible to participate?** All current UiPath customers are welcome to nominate implementations that have occurred between April 1, 2022 through June 30, 2023. Awards are given at a company level. Partners are welcome to submit an entry on behalf of a customer, with customer approval to do so.
- **When is the submission deadline?** The submission deadline is **August 16, 2023, at 11:59 PM PT**.
- **When will the winners be selected and announced?** Winners will be judged and selected after the submission deadline of August 16, 2023.
- **Will winners be notified in advance?** Winners will be notified in September 2023 and officially announced at FORWARD VI in Las Vegas, NV.
- **How will winners be chosen?** Winners will be chosen based on criteria such as business drivers, implementation approach, and outcomes.
- **Who selects the winners?** Winners will be selected by an esteemed panel of third-party AI automation experts and UiPath executives. See a list of judges [here](#).
- **Will winners receive a comp pass to FORWARD VI?** No, but winners will receive a promotional toolkit that provides unique opportunities for added visibility and brand awareness, including a trophy, a communications toolkit to amplify the win, video content showcasing the winning AI-powered automation use case, and recognition on stage at the UiPath flagship FORWARD event in Las Vegas.

2023 UiPath AI10 Awards Rules & Regulations

This is a skill-based contest.

The object of this contest is to recognize the best solution(s). For purposes of this contest, “solution” means an AI-powered automation application or implementation that: (i) uses the most recent versions of UiPath technologies; (ii) solves customer pain points or a related business problem; and (iii) supports improved business performance and industry innovation.

Applicants will be asked to describe their successful implementation of a solution and how that solution added business value. For purposes of this contest, each “solution” you create will be called an “entry.” All eligible entries received will be judged based on how compelling and comprehensive each entry is.

All applicants will be required to serve as media references for UiPath if selected as winners. This includes mentions of the company and its use of AI-powered automation in press releases (with customer review prior to publication), at least one interview with a media outlet, and may also include additional visibility opportunities such as speaking at an event. Please confirm you are able to serve or provide a contact to serve as a media reference for UiPath with all relevant parties (including your communications team) before submitting your application.

UiPath is not responsible for entries that we do not receive for any reason, or for entries that we receive but are not decipherable for any reason. We will automatically disqualify any incomplete, unclear, or unverifiable entry, as well as any entries that are in excess of any word limit described above. All entries must be submitted in English.

Thank You
