

The graphic features a dark blue background with a large, glowing circular frame made of colorful, wavy lines in shades of blue, orange, and pink. Inside the circle, the text 'UiPath' is at the top, followed by 'FUSION.' in large, bold, white letters with a blue dot. Below that is 'Summit' and 'LISBON' in smaller white letters. At the bottom of the image, a snow-capped mountain peak is illuminated with a warm orange glow, rising above a layer of white mist.

From Automation to AI-Driven Transformation

Automation has delivered significant business value

- Lower operating costs
- Faster process execution
- Reduced manual effort
- Improved productivity and service quality

But the market has changed

- Customers expect faster and more personalized experiences
- Competitive pressure continues to increase
- Organizations need to move beyond efficiency
- Growth and differentiation are becoming strategic priorities

From Cost Reduction

To Competitive Differentiation

Turning AI into Business Outcomes

Why AI initiatives often struggle to scale

- Cost & ROI
Moving from pilots to sustainable value
- Trust & Accuracy
Governance, reliability and auditability
- Adoption & Change
Building confidence and new ways of working
- Operational Complexity
Fragmented processes, systems and exceptions
- Legacy Technology
Disconnected applications and data

The UiPath Approach

- Introduce AI in a governed and controlled way
- Connect AI to existing systems and investments
- Embed AI directly into operational workflows
- Accelerate decision-making and execution
- Deliver measurable business value faster
