

## 2023 UiPath AI10 Awards Submission Form

### ABOUT THE AWARDS

*The UiPath AI10 Awards is a global customer award that recognizes the 10 most innovative customer companies using AI-powered automation to drive lasting transformational change.*

**Final Submission Deadline: Wednesday, August 16<sup>th</sup> at 11:59pm ET.**

Winners will be notified in September 2023 and officially announced at FORWARD VI in Las Vegas, NV.

**Eligibility:** All current UiPath customers are welcome to nominate implementations that have occurred between April 1, 2022 through June 30, 2023. Awards are given at a company level. Partners are welcome to submit an entry on behalf of a customer, with customer approval to do so.

Select one option

Yes

No

**Business Partner Company Name \***

**Key Contact First Name \***

**Key Contact Last Name \***

**Email \***

**By checking this box, I confirm the customer has been informed about this submission and has granted permission for it to be entered. \***

## **ABOUT THE PROJECT**

**Please submit your entry by August 16, 2023 to be considered for the inaugural AI10 Awards. All entries must be submitted in English. \***

**By entering the AI10 Awards, you agree to serve, or provide a contact to serve, as a media reference for UiPath if selected as a winner.** This includes mentions of the company and its use of AI-powered automation in press releases (with customer review prior to publication), at least one interview with a media outlet, and may also include additional visibility opportunities such as speaking at an event.

**Please check the box to confirm you can serve, or provide a contact to serve, as a media reference for UiPath with all relevant parties (including the company's communications team).**

### **Business drivers \***

Describe the primary business drivers for your AI-powered automation initiative. What business challenges were faced? Which business objectives was your organization trying to achieve? Please give industry or organization specific context as relevant.

---

### **Implementation summary \***

Describe how your business executed its transformation process. What parts of the UiPath platform did you leverage? What stakeholders were involved? What was the timeline for the process? How did you scale? Please elaborate. Assume the reader does not know your environment.

---

### **Achieved results and business impact \***

Please demonstrate how your business has transformed thanks to your work with UiPath. This is key to the award nomination. How has your AI-powered automation initiative fundamentally changed what your organization is able to achieve? Are you able to realize better insights to steer quick, intelligent decision making and deliver on your primary business drivers?

*Use metrics (% , #'s, time saved etc.) to quantify the short and long-term impact—as well as what they mean in terms of business value. For example, if your business automates a process that previously took 80 hours a week, mention that this also helps free the time of 2 full-time employees. If results are not yet achieved, what benefits are anticipated? Include all business benefits, such as the cost reduction, revenue growth, time savings, customer satisfaction, employee engagement, sustainability commitments, broader societal impact, company culture impact, etc.*

---

### **Please supply your company logo in color and black and white. \***

Vector files only (.ai, .eps, .svg). For partners submitting on behalf of a customer, please upload your customer's company logo.

[File Upload]

**If you are a partner submitting on behalf of a customer, please also upload your company logo in addition to your customer's above.**

Vector files only (.ai, .eps, .svg).
