

Turning agentic automation into action

Rufino Chiong, UiPath

The Risk of Standing Still in a Fast-Moving World

What happens if
we don't move?

The Sceptics

The risks of staying
the same and the
challenges of change.

The Builders

UiPath

Delay is a Strategy. Just Not a Winning One

UiPath

20% of market share loss in disrupted industries

80% of Gen Z choosing employers based on innovation culture

46% of execs citing tech debt as a barrier to growth

Transformation is Not a Project. It's a Business Model

- **Align to Board Priorities**
 - **Monthly exec governance**
 - **Diagnose, Build Trust**
 - **UiPath at the core, as a partner, not technology**
-

Getting from ambition to action

Mapping for Scale

Strategic

Measurable Business Goals

If you want to know
where to Start
**Ask your
Teams**

A photograph of three people in an office setting. A young man with curly blonde hair is sitting at a desk, looking at a laptop. A woman with long, wavy brown hair is leaning over his shoulder from the left, looking at the screen. Another woman with dark hair tied back is leaning over from the right, also looking at the screen. They appear to be in a collaborative work environment.

**"I know what
needs to change,
but no one asks"**

**"I spend half my
time fixing the
same error"**

**You don't delegate
Transformation.**

You lead it .

**You champion
the vision.**

**Define new
roles,
transparently**

**Invest in
capabilities,
not just
software**

**Create a
culture where
innovation is
rewarded, not
resisted**

THANK
YOU.
