

Annex 1

PUBLIC COMPETITION NOTICE FOR ADMISSION TO THE DOCTORAL PROGRAM IN

“DIGITAL TRANSFORMATION – 39th CYCLE”

*(Pursuant to Article 10 of Ministerial Decree No. 226/2021,
funded through resources allocated by Ministerial Decree No. 118/2023,
Rectoral Decree No. 255 of 10/08/2023)*

ART. 1

Establishment and Announcement of the Competition Notice

1. The 39th cycle of the PhD Program in “Digital Transformation” is established, with its administrative office at Università Telematica Pegaso, and has a duration of three years.
2. The PhD Program in “Digital Transformation” – 39th cycle – will start on 1 December 2023 and end on 30 November of the third year, unless otherwise indicated by the Ministry of University and Research (MUR) and ANVUR.
3. As provided by Ministerial Decree No. 118 of 2 March 2023, by activating doctoral programs on defined topics, the MUR aims to promote interdisciplinarity, participation in international networks, and intersectoral collaboration as outlined in the PNRR. PhD scholarships are allocated within the mandatory topics specified in the decree and in compliance with the eligibility criteria of Article 7 of Ministerial Decree No. 118/2023. The program involves enterprises in defining the training path, requiring PhD candidates to carry out mandatory study and research periods in companies ranging from a minimum of 6 months to a maximum of 18 months for scholarships funded under Decree 118/2023. Participating companies co-finance 50% of the scholarship amount established at the ministerial level. Each mandatory topic also includes a compulsory period of study and research abroad, lasting 6 to 18 months, at partner foreign institutions.
4. A specific descriptive sheet for the PhD Program (Annex 1.A) is attached to this notice and forms an integral part of it. The sheet provides:
 - The administrative office of the PhD Program;
 - The total number of positions available and their types;
 - The number and type of scholarships;
 - The procedures for admission tests;
 - The dedicated University web page for the PhD Program, containing all relevant information regarding the training path, the competition calendar, and important notifications for candidates.
5. The number of positions and scholarships indicated in the descriptive sheet (Annex 1.A) may be increased if additional financial resources become available from the University, regional, national, European, or international sources. Any such funding will be duly announced on the University website at <https://www.unipegaso.it/ricerca-scientifica/dottorati-di-ricerca>.
6. The number of scholarships may also increase following funding from public and/or private entities, provided the related agreement is signed no later than the application deadline. In such cases, the funding will only increase the number of scholarships and will not affect the total number of positions planned in this notice for each PhD Program.
7. The University reserves the right to revoke this call, suspend or postpone the admission tests, suspend or not proceed with the admission of winners, or suspend or not award all scholarships included in the call, due to circumstances that cannot currently be assessed or

- predicted. In particular, the University reserves the right not to award or to suspend scholarships if unforeseen causes result in the loss of external public or private funding.
8. This notice, written in Italian and translated into English, is published online on the official website of Università Telematica Pegaso at <https://www.unipegaso.it/ricerca-scientifica/dottorati-di-ricerca>. Such publication constitutes official notification of all contained information; therefore, candidates will not receive further communications.
 9. The notice will also be published on the Euraxess website and on the website of the Ministry of University and Research.
 10. Any corrections or updates will be published exclusively on the aforementioned University website.

ART. 2 Admission Requirements

1. Applications for admission to the PhD Program referred to in Art. 1, para. 1, of this notice, are open—regardless of age or nationality—to candidates holding one of the following degrees:
 - Master's degree obtained pursuant to Ministerial Decree 270/2004;
 - Specialist degree obtained pursuant to Ministerial Decree 509/1999;
 - Degree obtained under the previous academic regulations prior to Ministerial Decree 509/1999, with a legal duration of at least four years;
 - Academic qualification equivalent to an Italian degree of at least four years obtained at a foreign university.
2. Candidates who will obtain the required degree by 31 October 2023 may also apply, provided that at the time of application they are only pending the graduation exam and commit to certifying the achievement of the degree at the time of enrollment; failure to do so will result in forfeiture of admission. For these candidates, the weighted average of the grades obtained in exams already taken and the draft of the thesis under submission will be evaluated for admission purposes.
3. All candidates are admitted to the selection procedure subject to verification of the self-certified statements pursuant to DPR No. 445/2000 and subsequent amendments. The University may, at any stage of the procedure—even after the start of the PhD Program—verify the accuracy of the statements provided and request the submission of original documents. The Rector may, at any time, issue a reasoned order excluding candidates from the selection procedure or revoking their admission to the PhD Program if the requirements set out in this notice are not met, without prejudice to criminal liability for false statements. Such an order will be communicated to the candidate via the certified email (PEC) used to submit the application.

ART. 3 Academic Qualification Obtained Abroad

1. Candidates holding a foreign academic qualification (equivalent to a specialist/master's degree or old-system degree) may apply for admission by attaching their diplomas, accompanied by a translation into Italian or English. Such candidates are admitted to the selection procedure on a provisional basis and may be excluded from the competition, or, if successfully admitted, from the PhD program if, upon verification, the qualification does not meet the requirements set forth in this notice and therefore does not allow enrollment in the doctoral program.
2. The foreign academic qualification must be comparable in duration, level, and disciplinary field to an Italian second-cycle degree. The eligibility of the foreign qualification is assessed by the PhD admission committee in accordance with the applicable regulations in Italy and in the country where the qualification was issued, as well as international treaties or agreements regarding the recognition of academic qualifications for further studies.
3. Before the start of courses, candidates must submit to the University PhD Office, together with the enrollment application, the diplomas translated and legalized in Italian, accompanied by a "Declaration of Value" issued by the competent Italian diplomatic or consular authorities in the country where the qualification was obtained. Alternatively, candidates may submit a Certificate of Comparability of the foreign university qualification issued by the **ENIC-NARIC** center in Italy (**CIMEA**), containing all the information necessary for evaluating the qualification. For qualifications obtained in a European Union country, the Diploma Supplement is sufficient.

ART. 4 Application for Admission

1. The application for admission to the selection must be submitted, under penalty of exclusion, by the strict deadline of 15/09/2023 at 11:59 PM (Italian time), following the procedure described in paragraph 2 below.
2. Applications must be sent exclusively to the certified email address **ufficio.dottorati@pec.unipegaso.it**, and must include the documents listed in Article 5, exclusively in PDF format, with the subject line: "Application for Admission - PhD in Digital Transformation." The certified email **ufficio.dottorati@pec.unipegaso.it** does not accept messages from non-certified email addresses.
3. Incomplete applications or applications submitted outside the terms and procedures specified in this article and in Article 5 will not be considered.
4. To avoid system issues, it is recommended to complete the application procedure well in advance of the deadline. The University assumes no responsibility if a candidate is unable to

complete the registration process due to unforeseen events, force majeure, or circumstances beyond the University's control.

ART. 5

Documents to Be Attached to the Application for Admission

1. In the application for admission to the selection (Annex 1.B), for the purpose of evaluating qualifications, the candidate must attach the following documents, submitted according to the deadlines and procedures described in Article 4:
 - **Application form for admission to the selection (Annex 1.B)**, to be completed in Italian or English, including:
 - a) Full name, tax code, date and place of birth, residence or domicile, phone number, e-mail address, and citizenship;
 - b) PhD program to which the candidate is applying;
 - c) Academic degree held;
 - d) Any disability status, accompanied by proper documentation indicating the relevant percentage;
 - e) Declaration committing to promptly communicate any changes to contact information to ufficio.dottorati@pec.unipegaso.it;
 - f) Declaration of having read and understood the content of this call for applications.
 - **Copy of a valid identity document;**
 - **Curriculum vitae et studiorum**, dated and signed, including consent for the processing of personal data in accordance with applicable regulations;
 - **Academic qualification documentation**, as applicable:
 - a) For candidates with an Italian degree (old system, specialist, or master's degree): degree certificate or substitute declaration including the study plan, exams taken with grades, and final exam result;
 - b) For candidates with a foreign degree: degree certificate including the study plan, exams taken with grades, and final exam result, accompanied by a **CIMEA** certificate of comparability or a Declaration of Value issued by the Italian Embassy or Consulate;
 - c) For candidates enrolled in the final year of an Italian degree program who have not yet graduated: certificate of enrollment in the final year, with exams taken and grades;
 - d) For candidates enrolled in the final year of a foreign degree program who have not yet graduated: certificate of enrollment in the final year, with exams taken and grades.
 - **Research project** related to the PhD program, prepared according to the standard template attached to this call (Annex 1.C);
 - **List of publications** with corresponding abstracts;

- **Documents certifying knowledge of the foreign language** specified in the PhD program information sheet, as well as any other language or IT skills;
- **Documents relating to additional training courses;**
- **Optional reference letter** from a university professor meeting ASN criteria or from a qualified international researcher;
- **List of all attached qualifications**, on plain paper.
- **Additional requirements:**
 - All documents must be submitted in Italian or English. Any document in a language other than Italian or English must be accompanied by a legalized translation into Italian or English, otherwise it will not be evaluated.
 - Candidates are fully responsible for the accuracy of the information provided in the application and the content of attachments. The Administration reserves the right to carry out checks and verification in accordance with applicable regulations and may exclude candidates at any time if they fail to meet the requirements of the call.

ART. 6

Admission Tests and Evaluated Qualifications

1. The admission test for the PhD program is designed to assess the candidate's aptitude for scientific research. Additionally, candidates must demonstrate a good knowledge of the foreign language indicated in the PhD program information sheet (Annex 1.A).
2. The selection procedure consists of:
 - **Evaluation of qualifications**, including the mandatory submission of a **research project**;
 - **Oral examination**.
3. The research project must include:
 - **Title of the project**;
 - **Objectives of the project** and its connection to the PhD program's focus;
 - **Methodology and expected results**;
 - **Feasibility assessment**;
 - **Essential bibliography**, up to a maximum of 12 references.
4. The research project submitted does **not** constitute a binding work plan if the candidate is admitted to the PhD program.

5. **The competition schedule will be published on the University website** indicated in the PhD program sheet (Annex 1.A) by the Chair of the Selection Committee.
6. Publication of this call, the PhD program sheet, and the competition schedule serves as **official notification**. Candidates not explicitly excluded must attend the examination according to the published schedule, without further notice.
7. Any changes to the date or time of the selection tests will be published on the same University website indicated in the PhD program sheet.
8. The Selection Committee, referred to in Article 7, has **120 points** to allocate for candidate evaluation, divided as specified in the call.

TITLES

Max 40 pts

RESEARCH PROJECT

Max 20 pts

ORAL EXAMINATION

Max 60 pts

The minimum score required to access the oral examination is **30 points**

For the **evaluation of academic and professional qualifications**, subject to the autonomy of the Examination Committee, the following documentation can be assessed:

- | | |
|--|-------------------|
| a) Degree title relevant to the topics addressed in the PhD program (or, for candidates who have not yet graduated, a valid enrollment certificate).
<i>(o, per i soli candidati laureandi, certificato di iscrizione valido)</i> | Max 10 pts |
| b) Graduation grade (or, if not available, for candidates still completing their degree, the weighted average of exams taken). | Max 10 pts |
| c) Monographs and publications in peer-reviewed journals or series (already published or with a certificate of acceptance and forthcoming publication) | Max 10 pts |
| d) Postgraduate titles (specialization diplomas, advanced courses, or master's degrees of at least one year awarded by universities or qualified research institutions). | Max 4 pts |
| e) Relevant professional and research experience (research collaboration grants, study and research periods abroad—including Erasmus—awards from national and international scientific societies). | Max 4 pts |
| f) Other supporting documents considered useful (participation in research activities, reference letters from university professors according to ASN criteria or from qualified international researchers, appointment as teaching assistant, language certificates). | Max 2 pts |

- g) **Research project** (prepared according to the guidelines provided in the previous section). **Max 20 pts**

For those who graduate by **October 31, 2023**, the **weighted average of the exams taken**, which replaces the graduation grade mentioned in letter b), must be calculated as follows:

- a) Multiply the grade of each exam by the respective number of credits (note: a grade of **30 cum laude** is considered as 30).
- b) Sum all the products obtained.
- c) Divide the result by the total number of credits considered (only those exams with a grade).
- d) Multiply the average obtained by 110 and then divide the result by 30, thus obtaining the final grade on a **110-point scale**.

9. **For the evaluation of the oral exam** (interview), without prejudice to the autonomy of the Admission Committee, the assessment criteria are:

- a) *Clarity of exposition* **Max 10 pts**
- b) *Ability to summarize* **Max 10 pts**
- c) *Critical thinking and adequate knowledge of the topics related to the submitted qualifications* **Max 15 pts**
- d) *Ability to conduct part of the interview in the foreign language indicated in the Doctorate Course Information Sheet (Annex 1.A)* **Max 5 pts**
- e) *Ability to answer in-depth questions on the submitted Research Project* **Max 20 pts**

- The oral exam is considered passed if the candidate obtains a minimum overall score of **40 out of 60 points**.

ART. 7

Examining Committee and Related Tasks

1. For admission to the PhD Course covered by this call, an **Examining Committee** will be appointed by **Rectoral Decree**, composed according to Article 14 of the PhD Regulations referenced in the preamble.
2. The Rectoral Decree appointing the Committee will be published on the University website at: <https://www.unipegaso.it/ricerca-scientifica/dottorati-di-ricerca>.
3. The Examining Committee will, among other things, define:
 - The competition calendar, to be published on the University website;
 - The modalities for the admission test (via videoconference or in-person);

- The results of the evaluation of titles and the research project, which must be completed **at least 5 working days before the oral exam.**
4. The minutes regarding the evaluation of titles, publications, and the oral exam will be published on the University website as indicated in the PhD Course Information Sheet (Annex 1.A). **Candidates will not receive any personal convocation or communication regarding the exams.**
 5. At the end of the exam, the Examining Committee will draft the **general merit ranking** for the PhD Course based on the scores obtained by the candidates. Admission to the course will follow the ranking order, up to the number of available positions.

ART. 8

Approval of the General Merit Ranking

1. The **general merit ranking** will be approved by **Rectoral Decree**, arranged in descending order of the total score obtained by each candidate. In the event of a tie, the younger candidate prevails.
2. The aforementioned ranking, for admission to the PhD Course in **“Digital Transformation” - XXXIX cycle**, will be approved by Rectoral Decree and published on the University website within the same deadline: <https://www.unipegaso.it/ricerca-scientifica/dottorati-di-ricerca>.
3. Publication on the website constitutes **official notification** to the candidates; therefore, no individual communications will be sent.
4. Winning candidates will select, among the different types of positions offered, according to the highest total score achieved. In other words, candidates ranked higher in the general merit ranking have **priority in choosing among the available positions.**

ART. 9

Enrollment in the PhD Program

1. Candidates admitted to the PhD program will **not receive any written communication.**
2. Winning candidates, with or without a scholarship, must **submit the enrollment application and related declarations** within the **mandatory deadline** indicated at the time of the publication of the merit ranking, **exclusively following the operational procedures** published on the **University website.**
3. Candidates who fail to submit the enrollment within the deadline will be considered **forfeited**, and the vacant positions will be assigned to the next eligible candidates in the merit ranking.
4. Winners who graduate by **October 31, 2024**, must **self-certify the attainment of the degree** by the enrollment deadline; failure to do so will result in **loss of enrollment.**

5. Candidates who are eligible but **not winners** are invited to consult the PhD Course webpage indicated in the descriptive sheet (Attachment 1.A) for information regarding **possible ranking updates or reassignments** of available positions.

ART. 10 Scholarships

1. Candidates are admitted to the course according to the **merit ranking** as defined in Art. 9.
2. **Scholarships**, which may be funded from multiple sources, have a minimum duration of **three years**. They are assigned to PhD students according to their position in the general merit ranking and are **renewable annually**, subject to positive verification of the planned activities for each year. Renewal procedures are established by the **PhD Board** and codified in the course regulations. If a scholarship is not renewed, or if the PhD student renounces it, the unused funds are **reallocated by the University** for PhD funding.
3. The scholarship amount for the **2023/2024 academic year** is **€16,243.00 gross**, paid in **monthly installments**.
4. **Scholarships co-financed by external public or private research organizations are paid to recipients only upon actual receipt of the corresponding funds by the University.**
5. Scholarships can be **increased by 50% for a total of six months** for **authorized research abroad** by the PhD Board. This period can be **extended up to 18 months** under the provisions of Art. 9, comma 3, D.M. 226/2021.
6. PhD students are allocated a **research budget equal to 10% of the annual scholarship** to support research and training activities in Italy and abroad. This budget is also guaranteed for students **without a scholarship**.
7. The number of scholarships is **30**, distributed as follows:
 - a) 10 scholarships funded under DM 118 of 2 March 2023 (MUR);
 - b) 19 scholarships funded under DM 117 of 2 March 2023 (MUR);
 - c) 1 scholarship funded from the University's own funds via an affiliated entity.
8. An **increase in scholarships** up to **20 additional awards** (for a total of 50) is possible under DM 117/2023, subject to identifying further financing companies. Any increase will be announced at the time of **final merit ranking approval**.
9. The number of **places without a scholarship** is **10**, with **no possibility of increase**.
10. PhD students may be authorized by the coordinator, with approval from the PhD Board, to use funds for:
 - a) Research missions in Italy and abroad, conference and seminar fees;
 - b) Research consumables (e.g., chemicals, electronics, stationery);
 - c) Equipment and assets (e.g., hardware, software, scientific instruments), which must be **inventoried** and remain University property; personal-use items are **not allowed**;
 - d) Publication fees;
 - e) Specific research training (e.g., language courses, advanced training);

- f) Organization of events in which students are directly involved (e.g., PhDay);
g) Unused funds may be allocated to cover travel costs for foreign committee members evaluating the thesis (e.g., for Doctor Europaeus awards).
11. Authorized students conducting research abroad while receiving the scholarship increase are **also entitled to mission reimbursements** to promote international exchange.
 12. Scholarships are subject to **INPS social security contributions** (gestione separata) per art. 2, comma 26, law 8 August 1995, n. 335: **two-thirds** covered by the administration and **one-third** by the student. Students retain all associated rights and protections.
 13. Candidates who have already received a PhD scholarship **cannot apply for a second one**.
 14. Scholarships **cannot be combined** with other scholarships, except those from national or international institutions that support additional research or training abroad. PhD scholarships are **compatible with Erasmus grants**.

ART. 11

Fee for Access and Attendance to the PhD Program

1. By the deadline set for enrollment, winners—both Italian and foreign, with or without a scholarship—must pay a **service fee of €50.00** in addition to the **supplementary tuition contribution of €282.00** for the academic year 2023/2024 and for subsequent academic years.
2. The **annual contribution for access and attendance** to the PhD program, for those who do not hold a scholarship, amounts to **€2,000.00**, to which the service fee and supplementary tuition contribution indicated above are added. The total amount is divided into four installments:
 - **1st installment:** payable at the time of enrollment (€500.00);
 - **2nd installment:** payable by May 31 (€500.00);
 - **3rd installment:** payable by June 30 (€500.00);
 - **4th installment:** payable by July 31 (€500.00).

ART. 12

Obligations and Rights of PhD Candidates

1. The PhD program requires exclusive, full-time commitment, subject to the provisions of Article 12, paragraph 4, and Article 10, paragraph 2, letter b) of D.M. 226/2021.
2. PhD candidates, whether receiving a scholarship or not, are required to:
 - Fully engage in the training program approved by the Board of Professors;
 - Regularly attend courses established by the Board of Professors;
 - Participate in common courses within the PhD program;

- Submit reports, either written or oral, on the activities and research carried out;
 - Maintain personal activity logs as per paragraph 4;
 - Comply with any further decisions of the Board of Professors or requirements related to specific scholarship funding;
 - Prepare a doctoral thesis containing original contributions at the end of the program.
3. Candidate activities must be recorded in personal logs and include: course activities, research, personal study, bibliographic and archival research, progress checks, participation in seminars, courses, and conferences, activities at external institutions (other universities, research centers, companies) in Italy and abroad, optional teaching or tutoring activities, and any other activities required by the Board of Professors for completion of the program. Research activities at private entities are strictly prohibited unless authorized by the Board; violations will result in exclusion from the PhD program.
 4. The truthfulness of the activities carried out by candidates is certified by the coordinators based on the indications provided by the supervisor and co-supervisors.
 5. At the end of each academic year, the Board of Professors, based on a detailed report on each candidate's activities and research, decides on admission to the following year or proposes to the Rector the exclusion from the program.
 6. Candidates may request from the Board a maximum extension of twelve months for submitting their thesis without additional financial obligations, for justified reasons.
 7. The Board may extend the duration of the PhD program by up to twelve months for motivated scientific reasons, such as extended co-tutelle agreements, requests for patents, or ongoing research projects of national or international relevance. Corresponding scholarship extensions are provided from the University's budget, subject to approval by the Board of Directors. Candidates must comply with all requirements related to the extended program, including attending courses.
 8. Candidates may request suspension of the program for a maximum of six months for valid reasons under current law, including maternity, serious illness, or civil service. No scholarship or equivalent funding is provided during the suspension.
 9. The Board acknowledges suspensions communicated by the course coordinator. Suspensions longer than thirty days require full recovery of the interrupted periods, extending the program accordingly.
 10. Extensions and suspensions (paragraphs 6, 7, and 8) cannot collectively exceed eighteen months, except in specific legally provided cases.
 11. Candidates retain their rights to study-related support under Legislative Decree no. 68 of 29 March 2012.
 12. Candidates on leave, including for parental reasons under the Ministerial Decree of 12 July 2007 (Gazzetta Ufficiale, 23 October 2007, no. 247), maintain their scholarship, which will be paid at the end of the leave period upon resuming the program.
 13. The course coordinator must promptly inform the relevant office of any interruption in a candidate's activities for administrative purposes.

14. Candidates may be authorized by the Board to carry out paid activities related to the PhD's educational field, provided they do not interfere with training, teaching, or research activities. Maximum compatible income is equal to the scholarship amount.
15. The Board normally provides candidates with research and training opportunities abroad at highly qualified institutions for up to twelve months. This period may extend to eighteen months for co-tutelle or aggregated PhDs (D.M. 226/2021, Article 3, paragraph 2). Scholarship is increased by 50% for periods abroad.
16. Candidates must maintain confidentiality regarding research activities conducted at external institutions.
17. Candidates without a scholarship may receive a research grant if the topic aligns with the PhD program, as judged by the Board.
18. Candidates must register on the MIUR Login portal to be recorded as a research potential of the University.
19. Candidates may carry out, as part of the training program and with Board approval, without additional scholarship:
 - Tutoring activities, including paid tutoring for undergraduate and graduate students;
 - Supplementary teaching activities, up to 40 hours per academic year. Payments will follow Article 1, paragraph 1, letter b) of D.L. 9 May 2003, no. 105, converted with amendments by Law 11 July 2003, no. 170. Activities must be recorded in personal logs. National regulations governing teaching collaborations apply, while all other teaching is strictly prohibited, and compliance is the coordinator's responsibility.
20. All administrative information concerning candidates and their academic career will be published on the University website: <https://www.unipegaso.it/ricerca-scientifica/dottorati-di-ricerca>. This publication replaces all other communications, and candidates must regularly check the website for updates.

ART. 13

Final Examination and Degree Conferral

1. The title of **Doctor of Research**, abbreviated as "Dott.Ric." or "Ph.D.", is awarded following the successful evaluation of a research thesis that contributes to the advancement of knowledge or methodologies in the chosen field of study. The doctoral thesis must be written in Italian or English; it may be written in another foreign language only with the authorization of the Board of Professors.
2. The thesis must be defended at the conclusion of the PhD program, subject to admission to the final examination by the evaluators. The defense may be postponed for up to six months if requested by the evaluators, in cases where they deem significant revisions or integrations to the thesis necessary.

3. Candidates must comply with the University regulations regarding the submission procedures and deadlines for the thesis.
4. The title of **Doctor of Research** is conferred by the **Rector**.

ART. 14 **Personal Data Processing**

1. In accordance with the European Regulation (EU) No. 2016/679 of the European Parliament and of the Council of 27 April 2016, concerning the protection of natural persons with regard to the processing of personal data and the free movement of such data, repealing Directive 95/46/EC, which entered into force on 25 May 2018, the personal data provided by candidates will be collected by the University's Academic Staff Management Service and processed for the purposes of managing the selection procedure and any subsequent hiring process.
2. The provision of such data is mandatory for the assessment of eligibility requirements; failure to provide them will result in exclusion from the procedure. Attached to this call for applications is a specific information notice on data processing (Annex 1.E).

ART. 15 **Responsible for the Procedure**

1. The Responsible Officer for the procedure is the Director General, Dr. David Vannozzi.
2. The organizational unit in charge of the competition procedure is the Office of Calls and Competitions, Centro Direzionale Isola F/2 - Naples, 80143; e-mail:
ufficio.dottorati@unipegaso.it

ART. 16 **Reference**

1. For matters not covered by this notice, reference is made to the University Regulations on doctoral studies mentioned in the preamble, which can be consulted on the University's website at the following link: <https://www.unipegaso.it/ricerca-scientifica/dottorati-di-ricerca>.
