## Why choose this program

### Practical Skills & Career Growth:

Develop hands-on skills through Mercatorum's emphasis on skill-based learning, ensuring you gain professional know-how that prepares you for the job market.

**Global Connections (UN Network):** Gain direct exposure to United Nations experts and international networks, giving you an insider's perspective on global issues and cooperation.

**Flexible Online Learning:** Study from anywhere in the world with a fully online program designed for busy schedules.

**Interdisciplinary Perspective:** Learn from a diverse faculty across economics, data science, sociology, behavioral science, political science and more, preparing you to tackle complex real-world problems with a holistic approach.

**Visiting Period:** A selected number of students may spend up to three months at UNU-CRIS in Bruges during their second semester, gaining on-site research experience. Participation is optional and not a mandatory requirement of the program.

## Degrees & Certificates

Upon successful completion of the program, you will be awarded:

- An Italian First Level University Master's Degree (Master Primo Livello)
- A Certificate of Completion from the United Nations University – CRIS

## Who can apply

**Applicants must hold a bachelor's degree in any discipline.**

## How to apply:

*Take the next step in your career and join our global classroom*

## Curriculum overview

You'll start with a core curriculum that equips you with theory and essential tools in global governance, economics, data analysis, and policy design. Then, you'll choose one of four specialization tracks to focus your studies.

**Specialization Tracks:** Focus your learning by choosing one of the following:

- Data-Driven Analysis for Policy
- Economics and Governance of Innovation and New Technologies
- Inclusive Economic and Human Development
- Multi-Level Governance of Global Challenges
