Games and activities to play at home

On Planet Starlight we have all kinds of weather - marshmallow storms, raining meatballs and frog hail! Let's discover the different types of weather you have on Earth.

Weather Search

Can you find the five types of weather hidden in this picture?

Why don't you draw your own picture with the sort of weather you think we might have on Planet Starlight. What do you think frog hail looks like?

Sunny

Cloudy

Windy

Rainy

Stormy

Joke Corner!

Q: What is a tornado's favourite game?

A: Twister!

Q: What goes up when rain comes down?

A: An umbrella!

Q: How does the rain tie its shoes?

A: With a rainbow!

Fun Facts

Worms wriggle up from underground when a flood is coming!

And you have probably heard of rainbows, but did you know there are "moon bows"? This rare occurrence can happen when the moon is low and almost full.

Colouring In

Can you add some colour to this cold Winter picture?

DIY Summer Rainbow

What You Will Need:

- Coloured or plain Popsticks
- Sticky Tape
- Paper
- Glue
- A Black Pen
- Two Goggle eyes (optional)

1. First, cut out a cloud from your paper.
2. Along the bottom of your cloud stick down popsticks with sticky tape. Try to make them go down in a diagonal line.
3. Flip your cloud over and on the other side glue down your goggle eyes, or draw some on!
4. Draw a smiley face and your beautiful rainbow is ready to go!

Mail-a-Hug!

Have you ever received a letter before? They're super cool to receive! Maybe you could send a letter to someone you love!

Here's an example letter Captain Starlight wrote to Nana Starlight.

To Nana Starlight,

Today was a great day. The sun was out and I went to Marshmallow beach.

I even went to the shops and bought you some milk and tuna for your tuna milkshakes, I'll drop it off to you next week.

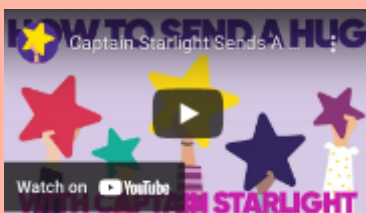

How have you been?

What was the weather like for you? I heard it was windy in the Fairyfloss Forest.

See you soon.

Love from, Captain Starlight

Who will you send your letter to? Maybe your Grandma or Grandad? Or your best friend or your pet unicorn? If you want to send an actual crafty hug along with your letter then check out this video to learn how!

Fun Facts

Lightning occurs when frozen raindrops which turn into many small bits of ice bang together in a thundercloud. Lightning is also really hot, six times hotter than the surface of the sun.

Thunder and lightning can be scary and you always need to be careful when they're about, but if you're safely inside then they're also like a rock concert in the sky!
