

# ShiftMed's client portal simplifies staffing.

ShiftMed works for Little Village

## THE PROBLEM

COVID-19 impacted the staffing of nurses to help care for residents. The needs were constantly changing, and last-minute schedule changes became extremely difficult for the Director of Nursing to manage. Keeping track of the shifts was an unattainable task

## THE SOLUTION

ShiftMed partnered with Little Village to fulfill last minute requests with an external pool of vetted and skilled local nurses and aides via the on-demand staffing platform. By using the ShiftMed Client Portal, Little Village could easily confirm and keep track of who was coming in to provide the shift coverage they needed.

## THE POINT

Little Village now has the coverage they need for all shifts. Also, they can easily confirm shifts, download credentials, and track nurses' arrival through the ShiftMed Portal.

## The Outcome

125+	Shifts filled in 2 months
28	Nurses Introduced
100%	Shifts Confirmed in Portal

## Testimonial

"I LOVE the portal...I've got a few nurses that regularly pick up which is awesome because they're part of our family now. Tremendous support for us during crazy times, much appreciated!"
