PROBLEM

St. John Neumann Center is a 226-bed skilled nursing facility in Philadelphia, Pennsylvania.

The center didn't have enough employees to cover weekend shifts and was hesitant to use a healthcare staffing agency for reliability concerns.

SOLUTION

As the top nursing jobs app, ShiftMed has the fastest-growing network of credentialed CNAs, LPNs, and RNs ready to work.

St. John Neumann uses our client Portal to fill weekend shifts on a recurring basis.

Once these shifts post, they instantly go live in the app for our local healthcare professionals to claim.

Partnering with ShiftMed gives St. John Neumann the peace of mind that their patients will receive quality, continuous care on the weekends.

TESTIMONIAL

"I see the same faces coming in from ShiftMed every weekend and can always rely on them."
