

Handle rising admissions with ease.

ShiftMed works for **Garden Spring**

THE PROBLEM

Garden Spring needed access to a flexible staffing solution to meet unpredictable admission surges. Hiring their own full-time staff to handle rises was not a cost-effective solution and they did not want to turn patients away.

THE SOLUTION

ShiftMed partnered with Garden Spring to fulfill these last-minute requests with an external pool of vetted and skilled local nurses and aides via its on-demand staffing platform.

THE POINT

Garden Spring can now cost-effectively manage PPD to increase their admissions and share their community of care with those that need it.

The Outcome

9	Aides requested for same day 3-11 shift
65	Responses to shifts posted within the hour
91%	Fulfillment & Show Rate

Testimonial

"Relying on **ShiftMed** has given me the peace of mind, knowing that we always have enough aides to provide the care that my residents deserve"
