

Last minute shifts covered.

ShiftMed works for **Green Meadows**

THE PROBLEM

Last-minute call outs put Green Meadows in a challenging position. Getting their aides to pick up last-minute shifts would lead to overtime and burn out, but they need to have all shifts filled in order to provide quality care.

THE SOLUTION

ShiftMed partnered with Green Meadows to tap into a large external pool of vetted and skilled healthcare professionals. ShiftMed's instant notifications alert nurses and aides when last-minute shifts need to be filled.

THE POINT

Because there are thousands of nurses and aides who have downloaded the ShiftMed app, someone is always available to pick up open shifts, even last-minute.

The Outcome

16	Shifts Requested Same Day
42	Responses Received In an Hour
100%	Fulfillment & Show Rate

Testimonial

"The first day we worked with **ShiftMed** we asked them to fill 12 shifts for the next day. I was shocked when they did it!"
