CASE STUDY GARDEN SPRING

PROBLEM

Located in Willow Grove, Pennsylvania, Garden Spring is a nursing and rehabilitation center that offers therapies and short-term care services that help individuals regain their independence.

Often faced with unpredictable admission surges, the center needed a flexible healthcare staffing solution that would allow them to access quality nursing care when needed.

SOLUTION

ShiftMed has a fast-growing network of credentialed CNAs, LPNs, and RNs ready to work on a per diem, short-term, or long-term basis.

When Garden Spring needs extra help, they turn to our on-demand healthcare workforce marketplace to fill shifts with local nurses.

Because of ShiftMed, Garden Spring saves on hiring costs and never has to turn away patients due to staffing shortages.
