Custom Grease Resistant Paper

- Size**
150mm x 150mm (6" x 6")
- Paper Type**
☐ Kraft or ☐ White
- Color**
1 Pantone Color
- Sustainability**
Recyclable, FDA-Approved,
FSC Certified, Water-based Inks

Print perfect checklist

- Add your design to the template available on the next page.

Bleed Area
Make sure to extend your background to fill the bleed area to avoid a white border. We require **1cm** of bleed all around.

Trim Line
This is a guide where the design will be trimmed.

Safe Area
Keep important text or graphic elements within the safe area which is **6mm** from the trim line. This is to prevent it from being cut off, or from being too close to the edge, which does not look nice.

We recommend using **12pt font size** (2mm height) or larger.

Thickness of lines, strokes and gaps should be no less than **0.3mm**.

All colors should be converted to **1 Pantone color** only. Choose from the **Pantone Solid Coated or Uncoated** swatch libraries.

Metallic and Neon Pantone colors are not allowed.

Colored design may appear differently on kraft due to them being printed on a brown kraft paper. We recommend using **black** or **white** when choosing kraft paper.

We **do not recommend Pastel or light colored** design elements. Ink might blend in with the translucent tissue paper and look subtle on print.

Colors should have **100% opacity**, no gradient or tints.

For best results, your design should be in **vector** format, but if an image will be used, it should be no less than **300 DPI**.

In order to ensure your custom tissue prints correctly, we require that **all fonts be converted to outlines**.

For optimal scanning, ensure **QR codes have high contrast** and measure **20x20mm or above**. Do not scale the QR code below a **minimum of 16x16mm**.
- 1

Download dieline
Ensure you have downloaded the correct sized dieline. Dielines can be found on the **noissue website**.

2

Complete your design
Use the Print Perfect Checklist as a guide to get the best print results. Export as **CMYK PDF**. No crop marks needed.

3

Upload artwork and order
Complete your order, upload your artwork and checkout. To guarantee print satisfaction, we'll review your file and send you a final proof to approve before going to print.
