Step by step...

1 **Download the template.**
You can find the template on the noissue website. Choose the size you wish to order.

2 **Start designing!**
You may now start designing your noissue coffee bag with tin tie! Use the **Print Perfect Checklist** as a guide to get the best print results.

3 **Once done, you may upload as a finished artwork.**
Upload your design in PDF file. Fill in the necessary fields: size, quantity and eco-badge.

4 **Add to cart and order!**
We want to make sure you're happy so before we print anything, we'll send you a visual of your custom design to sign off.

Print Perfect Checklist

- Add your design to the template available on the next page.
- All artwork must be in CMYK format – **RGB is not acceptable**. Black & White artwork must be provided in **GRAYSCALE** format.
- **We do not recommend** edge-to-edge printing or design that spreads near the edge. We do not offer full bleed print at this time, so printing can only be within the specific imprint areas.
- **Do not** remove the labels on the template and no need to include kraft background.
- We recommend using **8pt font size** or larger.
- Lines and stroke thickness should be no less than **0.5pt**.
- We print in CMYK mode, however, there are only **37 available foil colors** for your coffee bag with tin tie. Halftone artwork is not recommended.
- We only allow 2 color maximum with 1/16" **(0.0625in)** spacing between the colors. Please be advised that colors may have **5-10% variance** after printing.
- In order to ensure your custom custom coffee bag with tin tie prints correctly, we require that design should be converted to **vector** and all fonts converted to **outlines**.

→ Please export as a '**CMYK**' **PDF**. No crop marks needed.
