paterson & leo

are wandering out

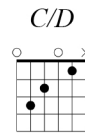

& wandering around

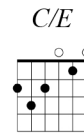

in brookdale

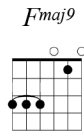

at sundown

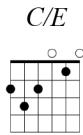

they're looking for...

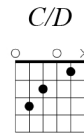

well, they're still looking

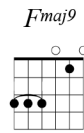

here's another place in our town

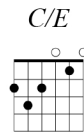

here's a loophole

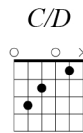

here's the steeple

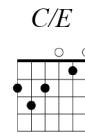

here's another

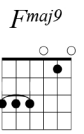

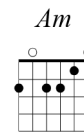

under water

here's our friendship

why i oughtta

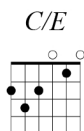

why i love you

enough to say it

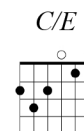

thank you paterson

thank you leo

thank you paterson

thank you leo
