Like most restaurants, our restaurants prepare and serve products that contain Soy, Egg, Fish, Milk Wheat, and Sesame. While a particular ingredient statement may not list one of these allergens, our products may be prepared with equipment that is shared with products containing one or more of these allergens. If you have a food allergy, please consult with your physician before deciding which Jack in the Box® products are right for you. We also recommend checking our Ingredient and Allergen information frequently as our menu and ingredients may change.

These ingredient statements were reviewed for the presence of **Soy, Egg, Fish, Milk, Peanuts, Crustacean Shellfish, Tree Nuts, Wheat, and Sesame**, which may cause allergic or other reactions in some individuals. If present, these allergens are listed at the end of each ingredient statement.

Please note: grilled vegetables, eggs, and some bakery items are prepared in our restaurants with BFVO (Butter Flavored Vegetable Oil). This ingredient will add soy allergen to these prepared items.
