

## HOME DELIVERY SERVICE

Ensuring our customers can get healthy food supplies whilst maintaining your safety is our priority. As the cases of COVID-19 increase we would like to offer contact free delivery of your essential supplies and ready to eat meals.

Limiting contact when delivering orders will help keep everyone safe. We will leave your order at your door or gate rather than handing it over to you.

Simply place and pay for your order via email and we will aim to deliver as many of your requested products within 24 hours of ordering. Please indicate if you would like us to arrange substitutes if you selected items are not available.

You will receive an SMS message on route and once your order has been delivered. If you order fridge products we ask that you collect your delivery immediately for food safety reasons.

Ready to eat meals will be delivered cold and are suitable for freezing.

If there is a particular product you are looking for that is not listed please let us know as we stock a full range of charcuterie, cheese and pantry supplies. If we do not stock the product you are after, we will do our best to source it.
