

# CERTIFICATE OF ANALYSIS ALKEMIST LABS

## Material Tested

TRU NIAGEN 300 mg capsules

For: ChromaDex Inc.

Lot #: C2327280587

Purpose: Determination of Nicotinamide Riboside Cl Content by HPLC

Sample ID: 23300HHV, Plate #: 215649

## What We've Tested

*We tested this sample by High Performance Liquid Chromatography. HPLC is a technique for separating, identifying, and quantifying compounds that are present in a sample.*

## Conclusion

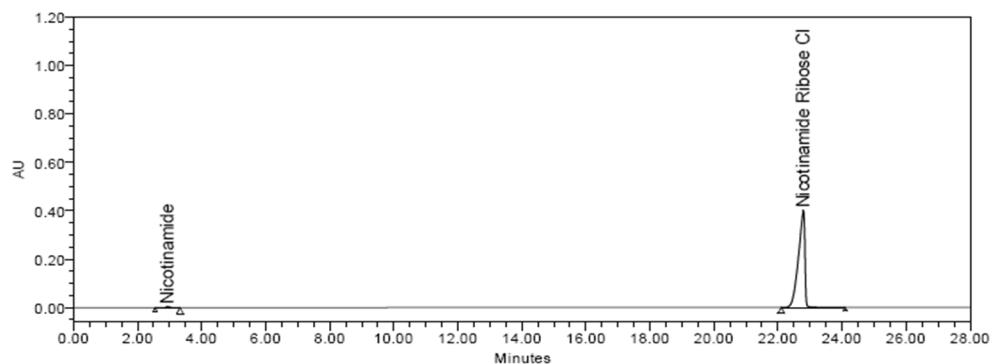

This "TRU NIAGEN 300 mg capsules" test sample contains an average of 362 mg nicotinamide ribose chloride / capsule on the as is basis.

*The HPLC method used was developed and validated by Alkemist Labs and/or is a Scientifically Valid method.*

## Test Details

### High Performance Liquid Chromatography (HPLC)

*We tested this sample against reference standards of known purity to determine its content in the Test Sample.*

*We tested the sample to make sure that it meets quality specifications for strength.*
