1) Establishment of the Judging Committee

The Organizer establishes the GOOD DESIGN AWARD Judging Committee in order to decide the GOOD DESIGN AWARD, GOOD DESIGN BEST100 and Good Design Special Awards, by conducting rigorous screening on the basis of the philosophies, etc., of the GOOD DESIGN AWARD.

The Judging Committee consists of the chairperson, vice-chairperson, and judges. The chairperson presides over the Judging Committee, and the vice-chairperson assists the chairperson and acts for the chairperson in the event of an accident of the chairperson.

2) Roles of the Judging Committee

Decision of the GOOD DESIGN AWARD, etc.

The Judging Committee conducts screening of the GOOD DESIGN AWARD, GOOD DESIGN BEST100 and Good Design Special Awards, in light of the philosophies of the GOOD DESIGN AWARD and the screening policies shown by the chairperson, and decides on the awarded works appropriate for each award.

The decision of the GOOD DESIGN AWARD, etc., is conducted by the consultation of judges. In the case where the decision by consultation is impossible, the chairperson or the vice-chairperson makes a decision. In this regard, the Judging Committee may exclude a specific screening unit leader as being unable to be screened for a reason such as a deficit of the screening system.

Information disclosure of awarded works

For all the awarded works, the Judging Committee clarifies the points where the object is excellent. The organizer notifies Applicants of this information, and discloses the same through the website of the GOOD DESIGN AWARD.

3) Commission of Judges

The Organizer commissions the task of GOOD DESIGN AWARD Judges to experts, who understand the purposes of the GOOD DESIGN AWARD and have considerable experience in design, in accordance with the "Regulations on the Establishment of the GOOD DESIGN AWARD Judging Committee", an internal regulation of the Japan Institute of Design Promotion. The commission period of the chairperson, vice-chairperson, and judges is from April 1, 2022 to March 31, 2023.

The chairperson, the vice-chairperson, and judges submit a confidentiality pledge to the organizer before the start of screening. They are forbidden to divulge to any third party classified information on screened items and confidential information acquired through screening such as screening circumstances.

"Application recommended" by the Judging Committee

The chairperson, the vice-chairperson, and judges can, with their insight, encourage the application of an entry, which has not been applied for the GOOD DESIGN AWARD. However, judges cannot recommend an entry that they themselves designed or conducted a consultation for. Implementation of the second screening

The second screening is implemented to screen the "screening works having passed the first screening", "application recommended by the Judging Committee", and "application based on collaboration of design awards". The organizer establishes a screening venue in a prescribed place. In principle, each screening unit implements screening by the physical items of screening works.
