RACK OVERVIEW

Our rack solutions provide a robust and scalable infrastructure for telecommunications, data centers, and networking environments. Designed for durability and flexibility, our racks ensure efficient cable management, airflow optimization, and easy access for maintenance, making them ideal for high-performance business applications

KEY FEATURES:

- ▶▶ Modular and Scalable Design
- ▶▶ Optimal Cable Management
- ▶▶ Heavy-Duty Construction
- ▶▶ Enhanced Airflow for Heat Management
- ▶▶ Easy Access for Maintenance

WHY CHOOSE ECOMTELCO RACKS?

- ▶▶ High weight capacity for all equipment types
- ▶▶ Sustainable materials with a low environmental footprint
- ▶▶ Customizable configurations for various business needs

4U RACK

A 4U rack is a compact enclosure designed to house IT, networking, and telecom equipment. With a height of 177.8 mm (7 inches), it ensures efficient airflow, cable management, and security. Ideal for servers, switches, and patch panels, it's perfect for small offices, home labs, and space-saving setups. Its sturdy construction ensures durability and long-term reliability for critical hardware.

SPECIFICATIONS:

| TYPE | HEIGHT | WIDTH | DEPTH |
|-------------------|----------------------|--------|--------|
| 4U 550×400 | 177.8 mm (7 Inch) | 550 mm | 400 mm |
| 4U 550×500 | 177.8 mm (7 Inch) | 550 mm | 500 mm |

6U RACK

A 6U rack is a standardized enclosure designed to house and organize networking, IT, and telecom equipment, ensuring optimal airflow, security, and easy accessibility. It measures 6 rack units (U) in height, with each U equaling 1.75 inches (44.45 mm). These racks are commonly used for servers, switches, patch panels, and other critical hardware in small-scale IT setups, offices, and home labs.

SPECIFICATIONS:

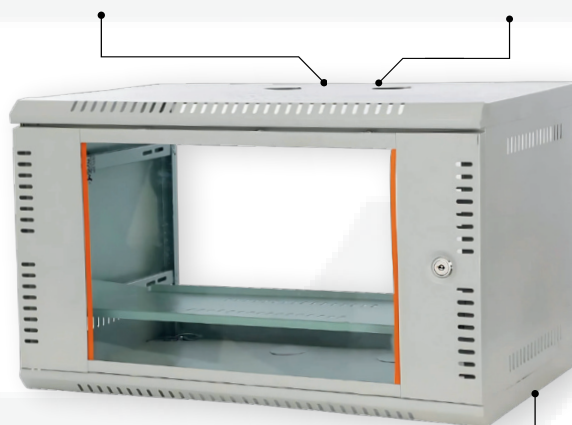

| TYPE | HEIGHT | WIDTH | DEPTH |
|-------------------|-----------------------|--------|--------|
| 6U 450×500 | 267 mm (10.5 Inch) | 450 mm | 500 mm |
| 6U 550×400 | 267 mm (10.5 Inch) | 550 mm | 400 mm |
| 6U 550×500 | 267 mm (10.5 Inch) | 550 mm | 500 mm |
| 6U 600×600 | 267 mm (10.5 Inch) | 600 mm | 600 mm |

9U RACK

A 9U rack is a compact, standardized enclosure designed to house networking, IT, and telecom equipment, ensuring proper organization, security, and airflow. It stands 9 rack units (U) tall, with each U measuring 1.75 inches (44.45 mm). These racks are ideal for small to medium-sized server setups, network equipment, and audio-visual systems, commonly used in offices, data centers, and home labs.

SPECIFICATIONS:

| TYPE | HEIGHT | WIDTH | DEPTH |
|-------------------|------------------------|--------|--------|
| 9U 550×400 | 400 mm (15.75 Inch) | 550 mm | 400 mm |
| 9U 550×450 | 400 mm (15.75 Inch) | 550 mm | 450 mm |
| 9U 450×500 | 400 mm (15.75 Inch) | 450 mm | 500 mm |
| 9U 550×500 | 400 mm (15.75 Inch) | 550 mm | 500 mm |
| 9U 600×600 | 400 mm (15.75 Inch) | 600 mm | 600 mm |

12U RACK

A 12U rack is a medium-sized, standardized enclosure designed to securely house and organize IT, networking, telecom, and audiovisual equipment. Standing 12 rack units (U) tall, with each U measuring 1.75 inches (44.45 mm), it provides a balance between compact size and storage capacity. This rack is widely used in offices, data centers, industrial environments, and AV setups.

SPECIFICATIONS:

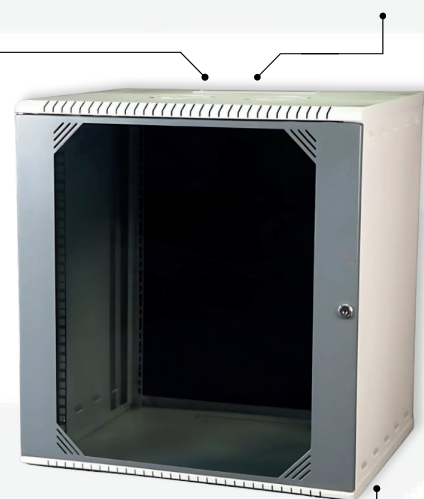

| TYPE | HEIGHT | WIDTH | DEPTH |
|--------------------|-----------------------|--------|--------|
| 12U 550×400 | 533.4 mm (21 Inch) | 550 mm | 400 mm |
| 12U 550×500 | 533.4 mm (21 Inch) | 550 mm | 500 mm |

18U RACK

A 18U rack is a versatile enclosure designed to house IT, networking, and telecom equipment. With a height of 31.5 inches (800.1 mm), it offers ample space for servers, switches, patch panels, and other essential hardware. It ensures efficient airflow, cable management, and security, making it ideal for data centers, offices, and industrial applications. Its sturdy construction provides durability and reliable equipment organization.

SPECIFICATIONS:

| TYPE | HEIGHT | WIDTH | DEPTH |
|---------------------|-------------------------|--------|---------|
| 18U 600×600 | 800.1 mm (31.5 Inch) | 600 mm | 600 mm |
| 18U 600×800 | 800.1 mm (31.5 Inch) | 600 mm | 800 mm |
| 18U 600×1000 | 800.1 mm (31.5 Inch) | 600 mm | 1000 mm |

22U RACK

A 22U rack is a reliable and spacious solution for organizing IT, telecom, and networking equipment. Standing at 977.9 mm (38.5 inches) in height, it accommodates multiple servers, switches, and patch panels while optimizing space. Its sturdy design enhances airflow and security, making it ideal for professional and enterprise environments.

SPECIFICATIONS:

| TYPE | HEIGHT | WIDTH | DEPTH |
|---------------------|-------------------------|--------|---------|
| 22U 600×600 | 977.9 mm (38.5 Inch) | 600 mm | 600 mm |
