How to Claim Your OpenLedger \$OPEN Airdrop

1

Visit DappRadar Airdrop Portal

Navigate to the official DappRadar airdrop portal. This is the only verified platform for claiming your OpenLedger \$OPEN tokens safely.

2

Connect Your Wallet

Click "Connect Wallet" and select your preferred wallet (MetaMask, WalletConnect, etc.). Ensure you're connecting the wallet that holds your eligible tokens.

3

Check Eligibility

The portal will automatically scan your wallet to determine your eligibility and display your claimable OpenLedger \$OPEN amount based on your historical activity.

4

Claim Your Tokens

If eligible, click "Claim Tokens" and confirm the transaction in your wallet. Gas fees will apply for the claiming transaction on Ethereum mainnet.

Eligibility Requirements

The OpenLedger \$OPEN airdrop targets active ecosystem participants. You may be eligible if you have:

Held OpenLedger \$OPEN Tokens

Maintained OpenLedger \$OPEN in your wallet during specific snapshot periods

Used DeFi Protocols

Interacted with EVM-powered DeFi platforms like Aave, Compound, or Uniswap

Staking

Participated in the staking program or operated a node

Pro Tip: The DappRadar portal will show your exact eligibility status and token amount before you connect your wallet. No guesswork needed!

Security Warning

Only use the official DappRadar portal linked below. Beware of fake websites and phishing attempts. DappRadar will never ask for your private keys or seed phrase.

Why Use DappRadar?

DappRadar is the trusted platform for airdrop claims because it provides:

Security & Trust

Verified smart contracts and secure wallet connections with industry-leading security practices

User-Friendly Interface

Simple, intuitive design that makes claiming airdrops accessible to everyone

Real-Time Data

Live eligibility checking and accurate token calculations
