

Grief Encounter is a leading childhood bereavement charity in the UK, supporting children, young people and their families after the death of a parent or sibling.

Adjusting to the death of a loved one is especially difficult for children and young people. This is where Grief Encounter makes a difference; we help families address a multitude of challenging issues following a bereavement, alleviating the hurt and confusion, whilst promoting healing.

Established in 2004, Grief Encounter offers a flexible and accessible service, which aims to professionally care and respond to bereaved children, young people and their families via counselling, group activities, family fun days, residential camps and interactive online services and our helpline, GriefTalk. We also provide best practice Bereavement Support Training to schools, colleges, corporates and professionals.
