

Tornado Resources

Natural disasters like tornadoes not only affect you physically, but emotionally as well. As you face the damage a natural disaster leaves in its wake, you may experience a discomfiting loss of control. Your coping mechanisms are stretched thin at a time when others may be depending on you for care and protection, all while you yourself may be feeling distressed and even frightened about nature's fury.

It is easy to become overwhelmed with one's feelings and information at this time. Your EAP provides short-term, solution-focused counseling as well as referrals to local resources such as shelters, financial assistance, contractors, handymen, and more. This program is provided as an employee benefit at no cost to you.

If you, or any of your dependent family members, has been affected by a tornado, Workplace Solutions can help with professional counseling, referrals, and assistance on these topics and more:

- Managing your feelings of stress and loss
- How to support children, elders, and friends
- Relocation and housing
- Disaster-relief organizations and agencies
- Steps to financial recovery
- Practical information about cleaning
- Contractors and restoration professionals
