

Get help investing for your retirement

You don't have to make financial decisions on your own. Vanguard can help you save for retirement and pursue your dreams.

Personal Online Advisor - online investment advice

How it works

Personal Online Advisor, powered by Financial Engines, provides investment recommendations based on the funds in your retirement plan. Your plan information is loaded into Personal Online Advisor automatically.

What you get

Personalized, objective investment advice and retirement savings projections that consider assets inside and outside of your retirement plan. All advice comes from Financial Engines, an independent investment advisor with years of experience. Financial Engines does not sell investments or receive commissions for its recommendations.

What you do

Use a simple online interface to customize your recommendations and analyze what-if scenarios.

What you pay

Nothing

How to get started

1. Visit your account's [investing help page](#). You will need to log on.
2. Select **Do It Yourself**.
3. Click **Get Started** under **Personal Online Advisor**.
