

CHUBB®

Chubb by Chubb

As Chubb employees, you have the unique opportunity to take advantage of products and services offered directly by Chubb! We call it *Chubb by Chubb*.

Advantage DNA (formerly Cancer Advocate Plus)

Advantage DNA by Chubb Benefits gives you access to Kadance's precision cancer services, which are not typically covered by major medical plans and may help improve cancer outcomes. This program supports you with personalized cancer support, treatment recommendations and an insurance cash benefit if you are diagnosed with a covered cancer.

On day one of coverage, you also get access to two proactive Kadance services: pharmacogenomic (PGx) testing, which helps identify medications that may be most effective based on your DNA, and hereditary cancer risk testing, which helps identify inherited risk for certain cancer types.

Chubb Disaster Recovery Plans

Traditional homeowners and renters insurance policies are designed to help repair or rebuild your home, or replace damaged contents — not to reimburse your monthly mortgage or provide emergency cash when you're displaced. Chubb Disaster Recovery Plans help fill those gaps when disaster strikes by providing displacement benefits such as covering your monthly mortgage payment, reimbursing your primary property insurance deductible and offering a monthly emergency cash stipend that may be used for any unforeseen expenses, including rent.
