

IMPORTANT: The Aetna Hospital Indemnity Plan is a fixed indemnity policy, NOT health insurance.

The Aetna Hospital Indemnity Plan pays cash benefits to you for an inpatient hospital admission and daily stays. Benefits can help pay towards your medical plan's deductible, coinsurance, or everyday expenses like day care, utilities, and groceries. Learn more about what's covered by the hospital indemnity plan and get answers to frequently asked questions here.

This fixed indemnity policy may pay you a limited dollar amount if you're hospitalized. You're still responsible for paying the cost of your care.

- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.
