

# LIFE INSURANCE. FIND YOUR WHY.

Everyone's "why" is different... what's yours?

## Meet Ian.

I worked hard to be where I am today, but I have debt that I'm still working on paying off.

My Supplemental Life Insurance will help give my parents one less thing to worry about.

### **My why is my parents.**

My debt will get paid off and it won't burden my parents.

## Meet Amanda.

My family is everything to me. I want to make sure they always thrive.

One way I do that is by paying a little now, so they can thrive in the future.

### **My why is my family's future.**

My family will have an inheritance to live their best lives - even when I'm gone.

## PROTECT YOUR FUTURE.

Your family is your world. That's why we want to help make sure they are financially protected if something happens to you. Life insurance can help reduce your loved one's stress by providing money to your chosen beneficiary.

A few basics:

- Life insurance, disability insurance, and supplemental options are available
- Term Life has no cash value
- You may only "move up" one level of Term Life, AD&D, and/or disability coverage during Annual Enrollment each year.
