

What is Aetna Premier Care Network Plus Multi-Tier?

Aetna Premier Care Network Plus (APCN+) Multi-Tier is a provider network that sorts doctors and facilities into tiers based on their performance and ability to save money. The highest performing and most efficient doctors and facilities are in Tier 1.

APCN+ Multi-Tier assigns providers into three different tiers:

- In-network Tier 1: This is the Maximum Savings tier. Your out-of-pocket costs are lowest when you choose these doctors and facilities.
- In-network Tier 2: This is the Standard Savings tier. You can also choose providers that belong to the Aetna broad national network. Your savings will be less than with Tier 1 providers, but your costs will still be lower than with Tier 3 providers.
- Out-of-network Tier 3: You have the option to use out-of-network providers*, but you'll pay the most out of pocket for care.

*Out of network coverage not available on the Select Network Plan.
