

Get your taxes done

No matter what time of year you are filing your taxes, Iron Mountain can help make sure you've got what you need to file accurately.

Here's what you need to do:

Review your W-2 form

W-2 forms are available in Workday. This form provides all the key income information you need to fill out your tax return. For those who elected to receive a hard copy, your W-2 form has been mailed to your home address.

- At any time throughout the year, you may choose to have your W-2 mailed to your home, sent electronically, or both. Visit My HR (Workday) via [myMAP](#), then navigate to Pay and Tax Documents to make this selection.
- Terminated employees must contact Global HR Service Support at [855.IM.ASK.HR](#) to request a reprint of their W-2s.

Review your Form 1095

You are required to prove that you were offered health insurance coverage by Iron Mountain during 2025. To that end, Form 1095 is available beginning in February.

- If you selected email as your preferred communication method on the [benefits enrollment platform](#), you received an email with instructions to access your Form 1095.
- If you selected mail as your preferred communication method, your Form 1095 was sent to the address on file.
