

Personal Information Collected or Disclosed for a Business Purpose or Sold About California Residents

The following chart identifies information that we may collect and share about you with our business partners. In some instances, we may not share the same information about every California consumer. For example, we may collect your name and contact information, but not your government issued ID. However, because we collect that information for some California consumers, we have identified that fact below.

Categories of Personal Information That We Collect	To Whom We Disclose Personal Information for Business Purpose
<p>Identifiers – such as name, postal address, phone number, unique personal identifier, online identifier, internet protocol (IP) address, device ID, email address, account name, signature, social security number, driver’s license number, passport number, or other similar identifiers.</p>	<ul style="list-style-type: none"> • Advertising networks • Affiliates or subsidiaries • Business partners • Data analytics providers • Government entities, as may be needed to comply with law or prevent illegal activity • Internet service providers • Joint marketing partners • Operating systems and platforms • Other Service Providers • Payment processors and financial institutions • Professional services organizations, this may include auditors and law firms • Social networks
