

Power up Your Marketing Cloud

Profile Accelerator for Adobe provides comprehensive, accessible, and accurate customer profiles pre-configured for your marketing cloud.

85% faster to bring in a new data source

Preconfigured

All your data, no ETL (Extract, Transform, Load), faster than you can imagine

Unified

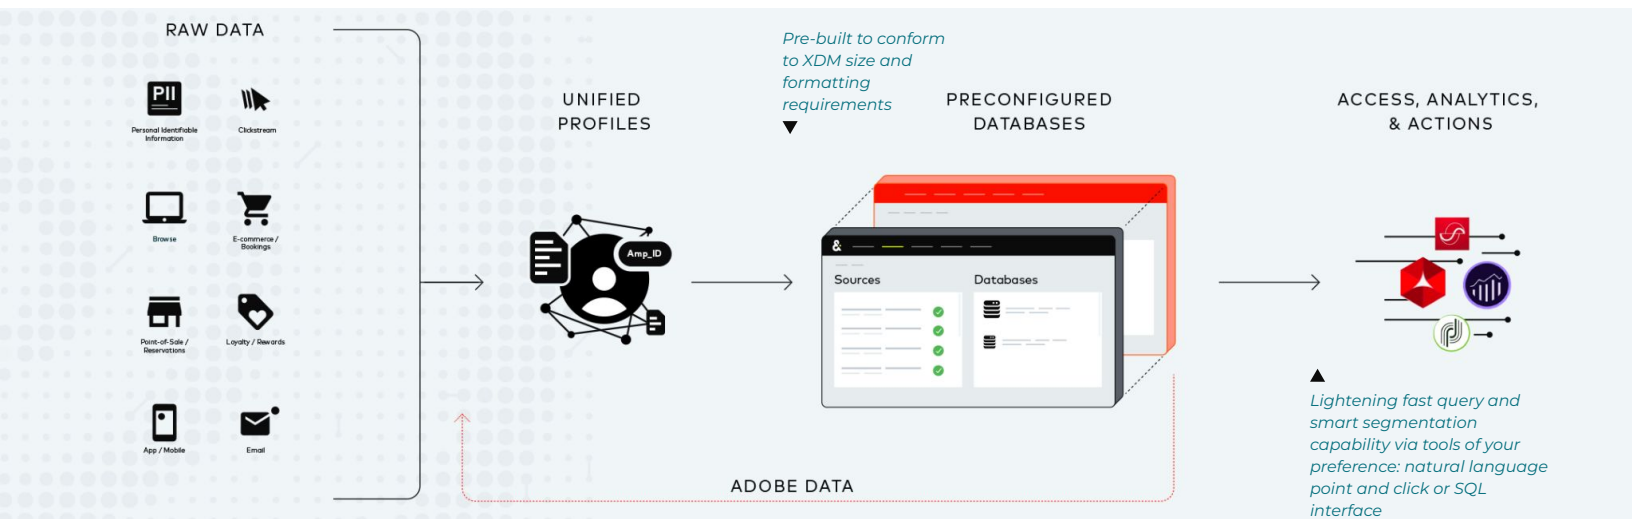

Accessible, accurate, and transparent customer profiles with true identity resolution

Electrifying Impact

Richer datasets, smarter segments, informed decisions, results beyond expectations

70% faster to get your marketing cloud to first use cases

"Amperity allows us to learn key insights about our customers, and easily add relevant data to the Adobe stack. By personalizing our messages across channels, we're able to better understand our customers and meet their needs in new, innovative ways."
Polly Yen, Technical Lead, T.Mobile

"The combined Amperity and Adobe solution gives us powerful self-service and accessibility that directly translates into marketing ROI without additional IT investment."
Danielle Harvey, VP Customer Intelligence and Media
