Tropical Cyclone Kajiki – South China Sea

Dear Valued Clients & Agents,

You have already been alerted to the extreme weather conditions in South China Sea which have forced many people to flee their homes.

We are writing to inform you that sailings from China, Taiwan, Japan and PR Korea are now delayed, and many vessels have remained in port waiting for safe transit conditions.

The conditions are also affecting air services transiting the area and delays are expected in the coming days as flights have been cancelled or diverted.

Book Systems International is actively monitoring the situation and will share updates as conditions change. If you have any questions or concerns, please don't hesitate to contact our team.

We appreciate your patience and cooperation during this time.

Yours sincerely,
BOOK SYSTEMS INTERNATIONAL
