CIRCULAR TO AIR IMPORT + EXPORT CLIENTS

FLIGHT DISRUPTION DUE TO NO OVERFLY OF IRANIAN AIRSPACE

U P D A T E

Most major air carriers diverting flights away from Middle East airspace and using alternative flight paths.

We have received advice that several international carriers will impose an embargo on all export uplift to Europa (Northbound) with immediate effect until further notice.

We understand that other carriers are in the process of implementing similar embargoes and we request that export clients with pending shipments for European destinations consult with our export team for possible alternatives.

Southbound flights are not currently affected but the diversion plans allow for longer travel sectors and may cause weight restrictions on uplift in future.

Please discuss any specific requirements with one of our team members.

Yours sincerely,
