Shirine holds an MBA from Ohio State University and is a US Certified Public Accountant.

Why I love being a Director of our Co-op

Since starting as Chief Financial Officer last year, I've enjoyed getting to grips with what makes Co-op different. When I was looking for a new challenge, I was drawn to the Co-op because it has a soul. Working hard with colleagues from around the business, I've been shaping plans that support our vision for a Co-op that's sustainable and champions co-operation amongst members, colleagues and communities. It would be an honour to be elected as an Executive Director so I can continue getting our Co-op in a strong place to achieve our social and commercial ambitions.
