Connecting to the power of nature

Nourish. Strengthen. Heal.

The fresh air of the mountains and the raw energy of the water, which rises in the heart of the Swiss Alps and rests in the deep blue Lake Maggiore, revitalize not only the surrounding landscape but also the human organism. In our Bespoke Spa Journeys, we take this power and channel it through tailor-made treatments for sustainable health and holistic wellbeing – using purely organic or certified natural products. Biomimetic technologies revive our skin's natural energies, even down to a cellular level. The power, arising from plant potentials, is integrated into performative

cosmeceuticals with unique innovative technologies. In combining this elemental power of nature with science and sustainability we create personalised programmes to refresh and balance. Using the harmony of nature and biorhythms, we create holistic experiences that transform and energise. Our Bespoke Spa Journeys lead you through renewing, cleansing, purifying, and strengthening treatments to radiant beauty and blossoming vitality.

Inspired by the swiss mountains

Switzerland, land of snow-capped mountains and crystal-clear lakes, offers the perfect backdrop for our Spas. Re-connecting with the power of nature and integrating natural healing is the core of our holistic spa journeys.

Based on science

Our Spas combine sound medical knowledge and modern science to ensure long-term benefits.

Sustainable

We believe in protecting the world we live in by using spa products with purely organic or certified natural ingredients, vegan, with limited carbon footprint and without animal testing. Our Spas embrace a holistic approach and this philosophy is deeply embedded into all of our treatments.

Detox Body Treatments

Full Body Renew Ballancer®

Feeling sluggish, heavy, fatigued and burnt out? Detox your body, activate your energy and restore natural balance. The Full Body Renew Ballancer® programme starts with a derma-scan to analyse your morphological tendency and is followed by a manual abdominal treatment. We invigorate the body's energy points to stimulate the digestive system and support the body in eliminating toxins. A subsequent Body Ballancer® lymphatic massage with innovative and patented compression technology accelerates the removal of excess fluid via the lymphatic system. 24 individual air chambers overlap, providing wraparound compression movements to target every inch of the

treatment area. This boosts circulation, reduces the appearance of cellulite, improves skin tone and thoroughly decongests problem areas. The Body Ballancer® reduces volume in areas affected by excessive fluid retention. Its gentle, rhythmic action also promotes relaxation. The body styling programme is completed with a body wrap, either hot or cold depending on how the cellulite presents.

Tip:

The Full Body Renew Ballancer® programme's detox effect makes it ideal after a sauna.

Methode Physiadermie – Equilibre Essentiel: *Swiss Cosmeceuticals for skin health*

Methode Physiadermie represents a perfect synergy between the most powerful natural ingredients and cutting-edge Swiss technology. The brand was born from an in-depth study of morphological tendencies and their effect on individual aesthetic variations. Results are at the heart of the clinical approach: targeting the causes, not the consequences, of each skin alteration results in healthy skin. The formulas are developed, manufactured and tested in the Geneva-based laboratory in accordance with the strict standards of the Swiss cosmetics industry in order to guarantee excellence of quality and manufacturing rigor. Their ECOCERT certification since 2019 testifies of the eco-sustainable commitments of Methode Physiadermie.

Physiadermie introduces extracts from water and oil-based plant substances into the skin via receptor-controlled microencapsulation technology. This technology ensures that the plant-based active ingredients are transported to the area where they are most effective. Offering a broad spectrum of special treatments to treat skin alterations like skin ageing, under-eye circles and bags, acne, rosacea and pigmentation disorders.

Tschuggen Grand Hotel

Exclusive Facial

The Tschuggen Grand Hotel Exclusive Facial is a non-invasive, patented technology designed to provide maximum skin renewal and rejuvenation. This innovative instrumental approach is also used to treat a wide range of skin issues, with the specific aim of achieving radiant beauty results. The T3 SKIN REJUVENATOR device produces visible skin improvements in cases of hyper-pigmentation, sun damage, blemishes, acne, redness or rosacea. The procedure combines a peel, deep cleanse, personalised active substance infiltration, lymphatic drainage, cell renewal as well as frequency and light therapy in just one treatment!

Three-Step Procedure

First, the skin is thoroughly cleansed and dead skin cells are sloughed away. A balancing tonic with synergising personalised Bioaromes soothes the skin. In the second step, impurities in the pores are softened with a lactic acid peel and prepared for deep cleansing. Blemishes, sebum deposits and excess skin cells are extracted from the pore structure using either a vacuum or dermabrasion device. The additional Physi detox lymphatic drainage accelerates the removal of congestion and toxins. Depending on the focus of your treatment, regenerating antioxidants, vitamins, minerals, active substances, nutrients or hyaluronic acid are introduced into the skin layers and combined with different frequency and light therapies. A finishing treatment concludes the T3 GLOW experience.
