

Lost Elements

Roberto Mucchiut, 2023 / Videoinstallationen / Ascona, Hotel Eden Roc

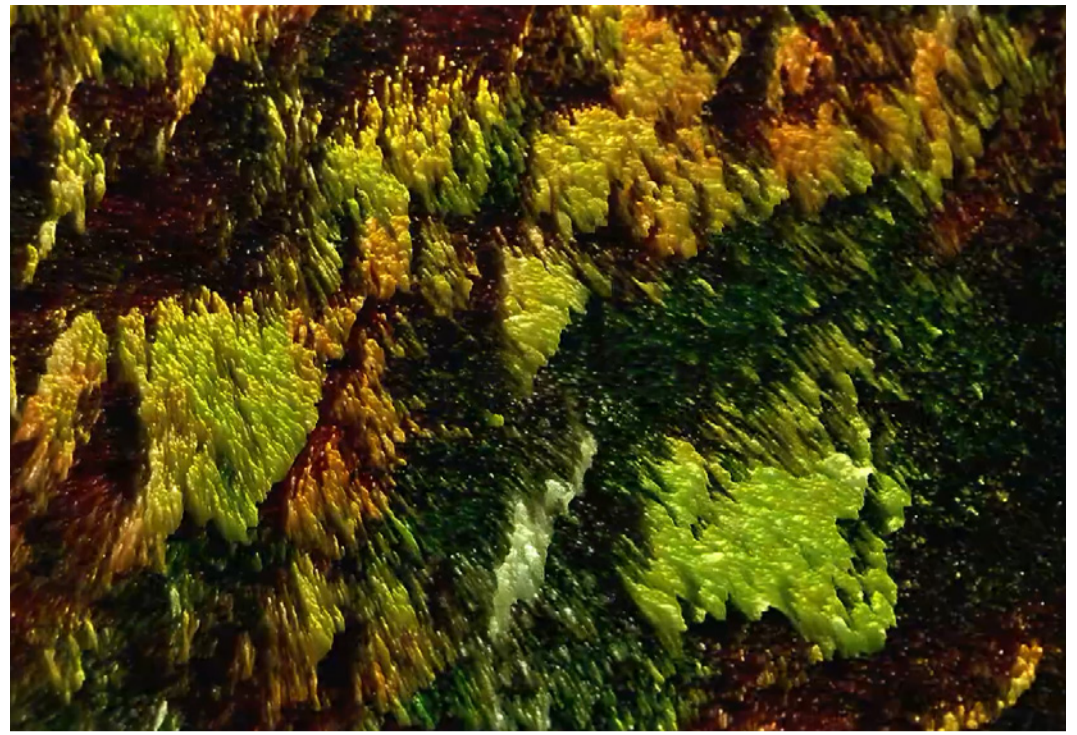

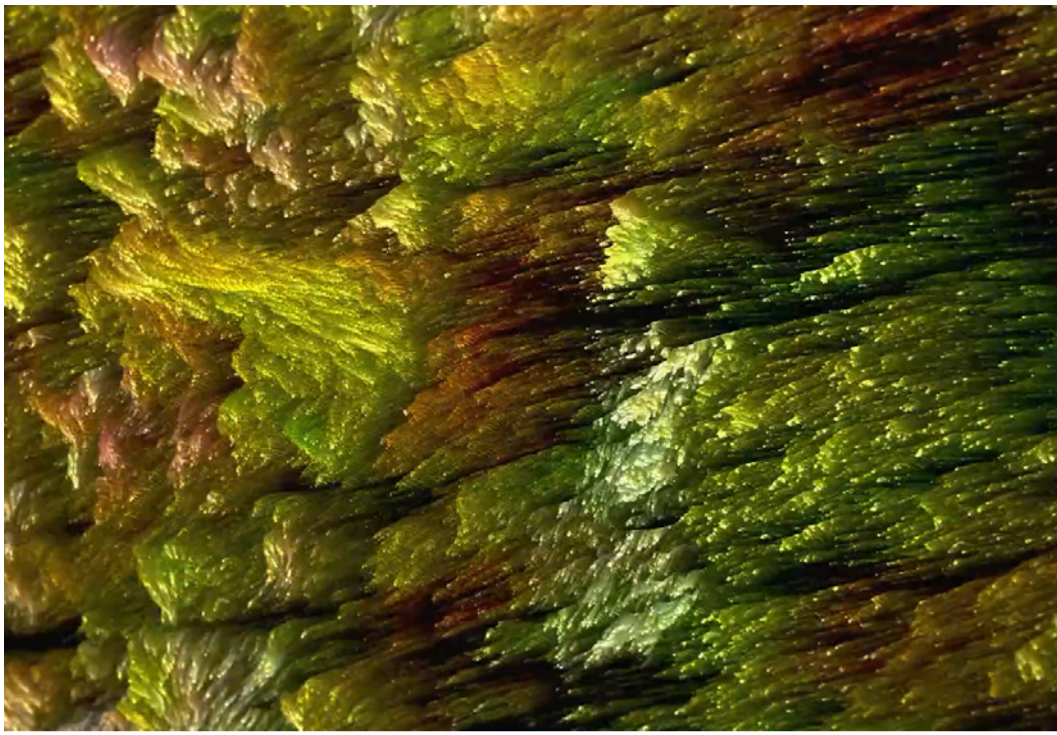

Beschrieb

Wir sind weit entfernt von der geometrischen Harmonie der platonischen Körper, die mit den vier von Empedokles beschriebenen Grundelementen verbunden sind. In der Installation Lost Elements verlieren sich die Bilder der ursprünglichen Elemente, aus denen die Videos generiert wurden, in einem fesselnden Chaos. Wie unsere sich schnell verändernde zeitgenössische Welt bewegen sich die vier Elemente unaufhörlich auf der Suche nach einem neuen Gleichgewicht, einer neuen Harmonie.

Description

We are far from the geometric harmony of the Platonic Solids, linked to the four fundamental elements described by Empedocles. In the installation Lost Elements, the images of the original elements, used to generate the videos, are lost in an enthralling Chaos. Like our fast-changing contemporary world, the four elements move incessantly in search of a new balance, a new harmony.

Descrizione

Siamo lontani dall'armonia geometrica dei Solidi Platonici, collegati ai quattro elementi fondamentali descritti da Empedocle. Nell'installazione Lost Elements le immagini degli elementi originari, utilizzate per la generazione dei video, si perdono in un Caos coinvolgente. Come il nostro contemporaneo, in costante rapido mutamento, anche i quattro elementi si muovono incessantemente alla ricerca di un nuovo equilibrio, di una nuova armonia.
