

VALSANA

FACTS & FIGURES

The four star luxury Hotel Valsana sits at the entrance of the village; bordering the Arosa forest, flanked by the lake and surrounded by beautiful panoramic views of the mountains. The architecture and interior design are an interpretation of the forest and the surrounding nature, while also using the latest technological innovations to minimize the hotel's impact on the environment – the hotel's heating will be powered using an „ice battery“, no less!

Furthermore, we are proud to introduce you our new lifestyle programme Moving Mountains – to promote vitality, reconnect with nature and celebrate joy. Moving Mountains combines five pillars we believe essential to healthy and joyful living: MOVE – PLAY – NOURISH – REST – GIVE. Devised in collaboration with leading experts, rooted in cutting-edge science and curated by our hotel teams with our signature devotion to truly vibrant experiences.
